

NEW QUAKES ADD RUINS

1921 ELKS MEET AT SANDUSKY

City Wins Next Convention By Stampede Thursday

ALSO HONORED IN ELECTION

Jack Beall is Elected First Vice President

With the wind-up of what Elks are already pronouncing the best convention in the history of the state Lodges, scheduled for Thursday afternoon and night, the routine business of the convention has been disposed of, officers have been elected for the ensuing year and the place for the next convention to be held has been chosen.

Sandusky—Cedar Point—was the successful place. After a strenuous campaign that was so completely organized as to swamp all other bids, the Sandusky delegation carried the convention for next year to their city with almost a stampede.

And with the selection of their city for the convention next year, George J. Durebach of Sandusky, was chosen at the final business session Thursday morning, to head the state association for next year.

LIMA MAY HONORED

One Lima man was honored by the state assembly. J. W. Beall, better known to the visitors and the members of the Lima Lodge as Jack Beall Sr., was elected the first vice president. Beall was suggested for the position by the delegates and he refused to run for the position and was finally prevailed upon to accept the next honors.

John Ranney of the Columbus lodge, was re-elected secretary. William Petri was also re-elected to the position of first year—that of second vice president.

Other business that was transacted at the meeting this morning was of a more secret nature in which only the lodge would find interest.

When Sandusky and Cedar Point was announced as the successful city for next year's convention, it was greeted with a demonstration by the delegates.

PARADE FOR PARADE

The parade, following the business session was the most important of the delegates. Early in the afternoon the delegates were in attendance at the parade, the starting place, arrayed in their marching uniforms and carrying canes.

The Lima delegation drew the admiration of the visitors because of the natty white Prince Albert coat, trimmed in the purple or the organization.

At the Elks home, just before the parade, ushers were pinning purple flowers on every delegate and every delegate's wife who came into the home.

The parade itself featured by the monster prize winning float, that was designed and executed by Walter DeWeese of the Lima Lodge. Miss Freda Prosser, beautiful Lima girl, rode on the float as fairy queen.

Practically every delegation in the city had a marching float. In the procession, with the Columbus and Cleveland delegations standing out prominently because of the bands that they brought with them.

The city was so completely filled with delegates Thursday that Lima Elks refused to risk an estimate of the number who were in attendance. Registration headquarters were still kept open, rushed by the inflow of new comers.

ENTERTAINMENT PROVIDED.

The big day, Thursday, was the big day in every respect. With the business session over, the delegates gave themselves over to the enjoyment of a series of entertainments offered by the Lima lodge. The parade and concert of the afternoon began the grand jubilee.

The three scheduled events for the evening, it was declared, by noon had completely exhausted reservations but that attempts would be made to care for the delegates who were still coming into the city.

One place where the crowd is sure to be able to find room will be in front of the Elks home. Thursday night when the monster outdoor dance will be held on the street pavement, weather permitting.

The American Legion presenting a boxing card in the evening reported that their house was almost completely sold out, with standing room tickets next in order.

But the big affair of the entire convention will be the grand Elks ball at McCullough's park Thursday night. The dance is scheduled to start promptly at 9 o'clock and to continue until the dancers are tired of dancing.

With the three entertainments on a program for the evening, and with arrangements being made to care for nearly every delegate in the city at least one of them, the Lima Elks are satisfied that when the convention actually ends, the visitors will have experienced one of the best times that they have ever had as members of the R. P. O. E.

SAN JOSE ROCKS

SAN JOSE, Calif.—(By United Press.)—The sharpest earthquake shock felt here in many years shook San Jose shortly before 3 a. m. Thursday.

Hundreds of people rushed into the streets.

No property damage was done.

ITALY'S LABOR CRISIS AT HAND

ONE REFERENDUM ON OHIO BALLOT

Crabbe Dry Law Only Issue; Five Ruled Out

RULE CLEARS COMPLICATION

Suffrage and Woman Notary Law in the Discard

COLUMBUS — (By Associated Press.)—Secretary of State Smith announced Thursday that no constitutional amendment and but one referendum will appear on the ballots in Ohio at the November election. The one referendum will be on the third Crabbe prohibition enforcement measure.

Smith ruled that the following referendums, and one constitutional amendment shall not be put on the ballot.

A referendum on act of the legislature giving woman presidential suffrage; amendment to the constitution giving women the right to be commissioned notaries public; a referendum on action of the legislature ratifying by 35 states of the woman's suffrage amendment, and referendums on two Crabbe prohibition enforcement bills.

The referendums on the measures applying to women, as well as the constitutional amendment, are unnecessary. Smith held, because ratification by 35 states of the woman's suffrage amendment automatically gives them the privileges contained in all the measures.

The third Crabbe bill, on which there will be a referendum, contains provisions of the other two, and as a matter of fact, the other two were repealed by the legislature after the referendum petition had been filed against them, Smith's ruling says.

MACSWINEY MAY LIVE WEEKS

Chicago Authority Talks on Hunger Strike Cases

CHICAGO — (By United Press.)—Terence MacSwiney, lord mayor of Cork, may continue his hunger strike against imprisonment several weeks more without suffering any great pain, according to Dr. Hugh Lighthall, who told the United Press, in an interview Thursday.

Dr. Lighthall, a graduate physician, spoke with authority on the subject of voluntary fast, as she went on a five-day hunger strike during the war, against imprisonment on charges of being a pacifist.

"MacSwiney may live three weeks or longer," she said.

For five days she fasted. "In all that time, all I had was a glass of water daily," she said.

MACSWINEY DIZZY

LONDON — (By Associated Press.)—Lord Mayor MacSwiney of Cork, who is incarcerated in Brixton prison, and has been on a hunger strike since August 12, passed out Thursday morning, according to a bulletin issued by the Irish Self-Determination League. He also experienced numbness in his legs and arms, and a physician, who attended him considered him much weaker.

The Lord Mayor was visited Wednesday night by Father Patrick MacSwiney, a cousin, who said he was surprised to find the prisoner so well. He expressed belief that the crisis would not come for three or four days.

POLES CRUSH Foe

Russians Hard Hit on Eastern Bank of Bug

WARSAW — (By Associated Press.)—Successes by Polish troops against Russian Bolsheviks on the front south of Brzostov are reported in an official statement issued here. It is stated that Soviet forces operating between Kamionka-Strumilova and Bysek have been defeated with heavy losses and that Polish troops have crossed to the eastern bank of the Bug and occupied Jaklanowka, crushing enemy forces concentrated in that vicinity. Prisoners numbering about 200 have been taken in this section, it is said.

Bolshevik columns attacking the Polish lines south of Bysek have been repulsed by brilliant counter attacks, and fighting continues between Chedrown and Nohatin. Polish forces which had been compelled to withdraw slightly in this direction have begun a new advance. The situation along the Dniester river is calm, the statement declares.

CAR MEN STRIKE.

KALAMAZOO, Mich.—Kalamazoo street car system was completely tied up Thursday morning, the platform men refusing to operate the cars under the old wage scale which the Michigan railway company announced would become effective today.

U. S. Seeks to Oust Alleged "Raisin" Combine

LOS ANGELES, Calif.—A suit to dissolve the California Associated Raisin Company of Fresno, as a combination restraint of trade, was filed in the United States district court here Thursday by J. Robert O'Connor, United States district attorney, acting under instructions from Attorney General Palmer.

Ninety percent of the nation's yearly production of 200,000 tons of raisins is controlled by the Fresno corporation, according to the complaint, which was prepared after a report on its activities was rendered the attorney general by the Federal Trade Commission.

JOBS FOR ALL, U. S. DIRECTOR SAYS

Prospects for Winter Work Good, Reports Indicate

CLOSED FACTORIES OPENING

Building Operations Resume Despite High Costs

WASHINGTON — (By United Press.)—There will be jobs for all this winter, John Denmore, director of the labor department, employment service, predicted Thursday.

Basing his statements on reports of 320 field agents, Denmore said the coming winter will be one of the best in years as regards opportunities for employment with the exception of the war years when there was an absolutely general shortage of labor.

Denmore's statement was made in face of reports to the federal reserve board that unemployment was "particularly severe" in the Cleveland district, where 12,000 Akron workers were out of jobs and that in the Maine mining district, 15,000 were unemployed.

Reports to the American Federation of Labor, according to Secretary Frank Morrison, show unemployment in the garment and textile trades and in some sections of the building trades.

Denmore's reports show that factories which shut down during the summer, throwing many thousands out of work, were gradually resuming operation, he said, and that the 12,000 men dismissed by the Pennsylvania railroad are being absorbed by western lines.

There has been a slight surplus in the building trades, but this is being rapidly reduced by increased construction," Denmore said.

"Builders have at last come to the belief that neither labor or building costs are going to decline and are rushing along with their construction projects. There is a 'certain floating unemployment' among workers who quit their jobs in hope of finding better ones, according to Denmore.

BOTKIN CASE NEAR ITS CLOSE

Alleged Child Slayer May Know Fate in Few Hours

DEFAUNCE, Ohio — (By United Press.)—Joshua Botkin, on trial for lashing to death Arthur Bullock, the three-year-old son of his housekeeper, may know his fate by Thursday night.

Botkin was arrested after the boy's death on July 8. He was charged with murder in the first degree. On Wednesday, he was on the witness stand in his own behalf. He said he did not mean to kill the boy when he beat him with a strap. His story could not be shaken by the state's attorneys.

Testimony in the case was completed on Wednesday afternoon. Arguments of attorneys were made on Thursday morning. The strain of waiting is beginning to tell on Botkin.

DEMOCRATS INVESTIGATE DAVIS' EXPENSES IN MAHONING CAMPAIGN

YOUNGSTOWN — State Chairman W. W. Durbin has sent two questionnaires to Democratic leaders in Mahoning-co. inquiring as to expenditures in Harry L. Davis' campaign for governor and as to presidential campaign expenditures. Nearly a third of Davis' plurality in the state was returned from Mahoning-co.

FACTORIES BURNED.

PHILADELPHIA, Pa.—Fire Thursday destroyed three factories on South Front street, is city, causing a loss estimated at \$200,000. The places burned were A. Steiert, and Son, brass manufacturers; Osada Mantei Company, and the Bausch Company, an interior wood-work concern.

UNIONS MAY SEIZE ALL FACTORIES

General Confederation Meets Tomorrow to Decide Action

SOCIALIZE PLANTS. IS AIM

Many Industries Already Taken Over by Workers

LONDON — (By Associated Press.)—Friday will be a critical day in the history of the movement of Italian metal workers which has resulted in the occupation of many large industrial plants in that country, says the Milan correspondent of the Herald, organ of labor. On that day the general confederation of labor meets in Milan, and if no decision is reached by then, the correspondent says, immediate action may be taken by workers.

"The ultimate aim of the federation of the Soviet workers, as well as the confederation of labor," he declares, "is socialization of industry, and this aim, now almost within their grasp, may at any moment overshadow claims for wages."

Friday may well see an extension of the Soviet principle to other industries of Italy.

WORKMEN MEET FRIDAY

MILAN, Italy — (By Associated Press.)—One hundred labor chambers and fifty federations of trades, representing 2,500,000 workmen, will be represented at the meeting of the general confederation of labor which will convene here Friday to decide on the policy to be pursued by the confederation relative to the labor situation in Italy.

The railway men's union, the federation of seamen, the federation of port laborers, the federation of postal and telegraphic employees, and associations of civil servants also will be represented at the meeting.

The notice calling for this conference declared that absence would mean desertion, adding "that in this moment, desertion is equivalent to treason."

GOVERNMENT NEUTRAL

ROME — Efforts continue to bring about a solution of the situation which has arisen through Italy's decision on the policy to be pursued by the most important industrial centers. The government has been called upon to intervene, but so far has been neutral, and it is said by newspapers it will act only to insure maintenance of order. Reports received here indicate that quiet prevails at all affected centers.

CHILD FOUND AT COURT HOUSE

Tennessee Officers Think He May Be Coughlin Babe

MORRISTOWN, Tenn. — (By United Press.)—A light-haired, blue-eyed baby, believed by county authorities to be kidnapped Biakely Coughlin, is held here Thursday for identification.

Word from Morristown, Pa., the child's home, was expected momentarily by Deputy Sheriff J. B. Neal, confirming the description sent by the authorities.

"The baby was in the courthouse yard night before last," Neal said, and was found Wednesday morning by a negro woman. Our suspicions were aroused when he showed fear of the negro woman and ran to a white man who came up. Evidently, he was not used to negroes.

"I have a description of the Coughlin baby and from what I hear of the Coughlin baby, I think it is one."

Neal recalled too, he said, he passed a closed motor car near midnight Tuesday, an unusual thing, considering the season and the pleasant weather. He believes the baby must have been left by occupants of the car, which was traveling toward Bristol, Tenn.

DISASTER PROBED

Four Killed When Lake Steamer Boiler Explodes

CLEVELAND — (By United Press.)—Federal officials started an investigation Thursday of an explosion in the boiler room on the steamer Erie, which caused the death of three men. Anthony Cobb, Shenandoah, Pa., and M. J. O'Neil, Cleveland, were killed instantly and Harry Cooper, Cleveland, was fatally injured and died early Thursday.

All were members of the engine crew. The explosion occurred Wednesday night, while the boat was about 20 miles from Cleveland.

Part of the boiler was blown out and the ship was disabled, but at no time in danger of sinking. The Empire City is owned by the Pittsburgh Steamship Company and was bound for Cleveland with a cargo of ore.

MOTHER DROWNS BABE IN LAKE

Attempts Suicide Because of Illness and Poverty

CLEVELAND — (By United Press.)—While temporarily unbalanced from worry over illness and financial difficulties, Mrs. Katie Micholtz, 24, drowned her five-year-old baby in the lake and attempted suicide in the same manner Tuesday. Fishermen saved the woman.

Mrs. Micholtz is in a serious condition, but will probably recover, physicians said. She told police that both she and the baby were ill. Financial difficulties made it impossible for them to secure proper medical attention, she said.

Fishermen saw the woman carry the child into the lake and when waist deep, place it in the water. They said the woman then walked out until the water was to her neck. When they reached her, the woman was submerged and unconscious, they said.

COAL FAMINE SEEN

Ohio Takes Steps to Modify Priority Ruling

COLUMBUS — (By Associated Press.)—The Ohio public utilities commission Thursday took a determined step to secure modification of Interstate Commerce Commission priority rulings sending Ohio coal to the northwest and New England districts.

In a letter to the Michigan and Indiana utilities commissions, Ohio commissioners ask them to participate in a joint conference here September 15, to secure concerted action. The gravity of the position Ohio consumers are in is pointed out in the letter, which asserts if the priority orders remain in full effect until the lake traffic ceases, "a fuel famine of most serious consequences is inevitable in the middle west."

The Ohio commission suggests as a remedy that cars be loaded at the mines for Ohio consumption at least two days a week.

FARMERS TO PROTEST CREDIT RESTRICTIONS

WASHINGTON — Representatives of farmers and livestock producers organizations are preparing to present protests to the Federal Reserve Board, according to a statement issued Thursday by the Farmers' National Council, against alleged credit restrictions. Interest rates charged producers, the council said, are so high as to restrict production.

THREE CONSTABLES SHOT DURING IRISH FIGHTS

GALWAY, County Galway, Ireland.—A constable was shot dead in the railway station here Wednesday night. Three of his associates were killed and one or two wounded.

H. M. BLAIR ADMITS COX'S CHARGES

Quota Fixing and Intensive Campaign True, He Says

GIVES PAID WORKERS' LIST

Names Cities Where Special Agents Are Located

CHICAGO — (By Associated Press.)—Charges by Governor Cox that the Republicans had fixed quotas and planned intensive fund raising drives in at least 51 cities, and that the national committee had had a part in assessing the city quotas, were admitted on the stand before the senate investigating committee Thursday by Harry M. Blair, assistant to Fred W. Upham, Republican national treasurer.

Mr. Blair then turned in a list of paid workers supplementing that turned in Wednesday night. They proved to be assistants to state directors in Illinois, Indiana and Ohio, and two general traveling representatives working out of the Chicago headquarters. These latter were Frank Alvis and C. A. Finner. For Illinois F. A. Hahn and W. B. Thweatt of Peoria, and W. E. Stokes of Chicago, were named; for Indiana F. M. Dickerman and P. L. Sims, and for Ohio, R. O. Atkinson, now stationed at Cincinnati.

Mr. Blair then was asked to name cities in which special agents were located and recalled Boston, Cleveland, Cincinnati, Columbus, Toledo, Akron, Youngstown and Springfield, Ohio, and Detroit. He said there were about 20 in all.

COLUMBUS YIELDS \$80,000

Mr. Blair said the Columbus campaign had yielded about \$80,000. Dayton, he said, had not been fruitful ground nor had Springfield. He said he knew of no campaigns in Zanesville, Sandusky, Hamilton, Steubenville, Middletown and other cities of that class aside from the usual county campaigns. A Mr. Verity, steel manufacturer, was mentioned as having charge in some of these centers. The witness had an indistinct recollection of a campaign of some sort in Portsmouth.

CAMPAIGN BROADCAST

Reading from a document produced by Mr. Blair, which, he said, was sent out in line of the "such discussed" "form 101," Senator Reed brought out that the treasurer's office planned to organize a fund drive in 54 cities, three more than the Ohio governor mentioned when he read his list of 51 at Pittsburgh.

From the same document Senator Reed read that the local chairman appointed in each city was to "accept the quota placed upon the city by the national treasurer."

"But he never did that to my knowledge," Mr. Blair interjected. He explained that the plan "in his mind" was for the state chairman of the ways and means committee to select local chairmen in cities, who then would be continued by Mr. Upham "to make it official," and that Mr. Upham should pass on to the local chairman a city quota suggested by the state head.

His testimony at many points showed that the ideas which he had in his mind were rejected by his superiors when placed on paper, of which was the late of "form 101."

COX'S COPY COMPLETE

Mr. Blair produced a copy of that form and when it was compared to the copy of the same form which Governor Cox had sent to the committee by Edmund Moore, his personal representative, the governor's copy was found to be incomplete. An entire paragraph which appeared in Mr. Blair's copy, was omitted from that sent by the governor. The paragraph suggested that contributions of \$5,000 and \$10,000 be accepted, removing the \$1,000 limit fixed by Chairman Hays. The copy furnished by the governor merely suggested that contributions of from \$5,000 upwards be received. While he planned drives in 54 cities, Mr. Blair said, it was found impossible to carry out the program because of local conditions in some places. He mentioned Minneapolis, St. Paul, Dallas and Houston as cities where the drives were abandoned because it was "not expedient," he said, to start them.

MAN FATALLY WOUNDS WIFE; KILLS HIMSELF

CLEVELAND — Little hope was held out Thursday for the life of Mrs. Anna Druzdowski, 21, shot by her husband late Wednesday in a fit of insanity. The man shot himself in the head and died on the way to a hospital.

Mrs. Druzdowski had their eight-months-old baby in her arms when

SHOULD PUT HAYS OUT, COX SAYS

Governor Thinks Testimony Disqualifies G. O. P. Chairman

NEW CHALLENGE IS ISSUED

Nominee Asks Chicago Men be Called to Stand

ENROLLE WITH GOVERNOR COX, GREAT FALLS, Mont. (By United Press) — Will Hays, chairman of the Republican national committee, should be discharged as a result of testimony before the senate campaign expenditures committee Wednesday, Governor Cox said here before leaving for Helena, to open the second day's campaign in Montana.

Governor Cox referred to statements of Dudley S. Blossom, Cleveland, who admitted he had been asked to raise \$100,000 in Cuyahoga, Ohio—the quota Cox gave in his Pittsburgh speech.

Cox challenged the committee to call Chicago Republicans who, he said, have been raising the quota there.

"The testimony of Mr. Blossom," Cox said, "is just another evidence of the fact that the Republican party ought to see the necessity of discharging Hays, because he not only stood for unethical things in politics, but he did not tell the truth under oath in Chicago."

"If the committee will dig down in Chicago alone, it will find enough to keep it busy for a week. I am sure to be a Republican city chairman, who should be called also would under oath substantiate my charges."

Referring to testimony of Blossom that paid agents of the Republican national committee assisted in the Cuyahoga-co quota, Cox charged that these workers were receiving salaries of from \$200 to \$500 a week.

COLUMBUS CONVENTION PLANS \$250,000 FUND FOR NEGRO SEMINARY

COLUMBUS — Several thousand delegates to the convention of the Negro National Baptist Association in session here were to listen Thursday to the report of the educational board on plans for raising \$250,000 to be used as an endowment for a Negro Baptist Theological and Training Seminary, Nashville, Tenn.

Attendance was augmented Wednesday by the arrival of a special train from Texas which raised the representation of that state to nearly 1,000. Approximately 6,000 delegates are now in attendance, registrars estimate.

Senator Harding will address the convention Friday at the state fair coliseum, according to officials who state they had positive assurances.

SAYS JAZZ IMPROVES HER TENNIS PLAYING

CLEVELAND, O. — Miss Ruth King, new woman tennis champion of Cleveland, ascribes part of her success at the game to jazz tunes.

"When I'm on the courts, queer little tunes run through my head," she said. "Most of them are jazz tunes. The music is quick and it keeps me alert. Often times my racket keeps time to the tunes."

Miss King has been a devotee of music from the time she first started taking piano lessons and she says she owes much of the extraordinary strength of her wrist and fingers to playing the piano. She has always been in superb health and helps keep in condition by eating lots of fruit.

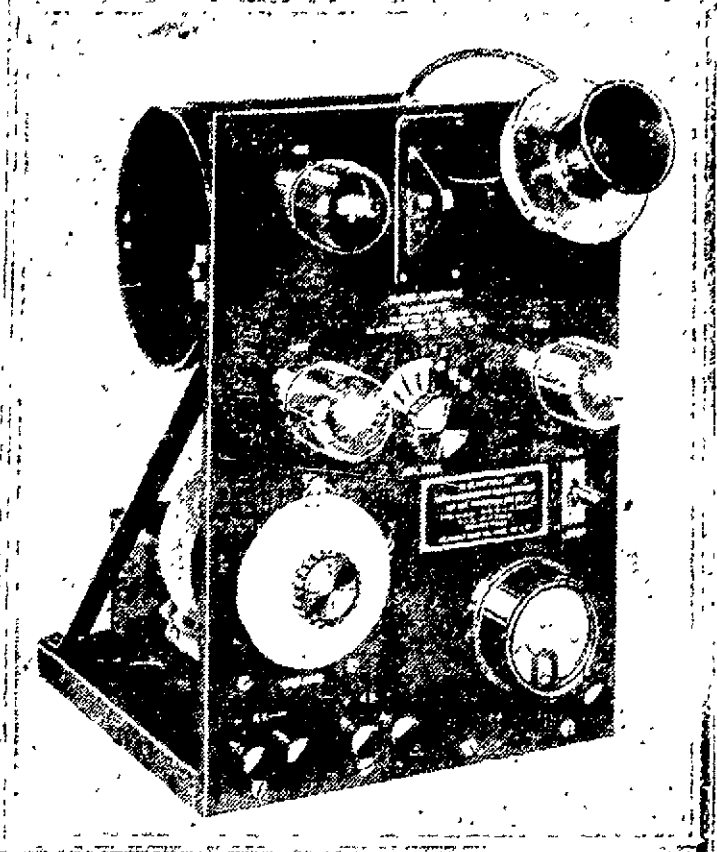

Among the other health rules for women who aspire to a high place in athletics she advises the following:

Shun cigarettes; take long walks, breathe deeply; quit bad habits, flimsy pills and chattering chatter. She says "chatter-chatter" dissipates the energy and prevents concentration.

REPORTED INJURY OF NEW YORK AMERICAN BALL PLAYERS DENIED

CLEVELAND, O. — Rumors being widely circulated by news tickers and special dispatches that players Rich, Menzel, Pratt and Lewis were injured in an automobile accident near here today were denied by officials of the New York American League baseball club. Miller Huggins, manager and Mark Roth executive of the club declared that none of the New York players had been in any kind of an accident.

WIRELESS TELEPHONY IS MADE EASY BY RADIOPHONE

This picture shows Dr. De Forest's new small "buzzer" radiophone, which has a wireless talking radius of fifteen miles. Other equipment necessary to operate the instrument are connecting antennae, which can be strung on a tree or house-top, and a six-volt storage battery. The three bulbs, or audions, are the "heart" of the radiophone.

LIMA DISTRICT NEWS IN BRIEF

WAPAKONETA

The village council at Cridersville is considering the adoption of electric lights for the illumination of the streets in that town and for use in homes and business houses.

WAPAKONETA.—The first speech of the campaign locally will be delivered here Friday evening by D. Finley Mills of Sidney, Democratic candidate for presidential elector, under the auspices of the Cox-Roosevelt club.

WAPAKONETA.—Rev. W. W. Motter, pastor of the M. E. church here, has been returned to this charge by the Sidney conference.

WAPAKONETA.—This day's enrollment of pupils in the public schools here totaled 357.

WAPAKONETA.—A letter from the Secretary of State, received by the board of elections, suggests that no additional judges and clerks or voting places should be necessary in August or September, as the fact that the women have been given the ballot.

WAPAKONETA.—Between three and five hundred members of Wapakoneta lodge of Elks are attending the state convention of the order in Lima, accompanied by a 31 piece band, for participation in the parade.

ST. MARYS.—A stalk of corn fourteen feet in height with ears growing eight feet from the ground, is on display at Henry Mueller's blacksmith shop. The maize specimen was raised by Henry Fritz on Andrew J. Malters farm in the St. Marys river bottom.

ST. MARYS.—The offering totals \$1,666.22 at the annual mission festival held at the New Knoxville Reformed church. The sum was fitted following an appeal to the effect that American churches for an indefinite time are called on to practically support missionary work pending peace.

ST. MARYS.—E. B. McMahon, non, heretofore an attendant of the Toledo district, has been assigned to the St. Marys First Methodist church, replacing Rev. D. N. Kelly.

ST. MARYS.—That potatoes and apples will retail this fall at \$1.25 per bushel or lower, is the emphatic forecast of a local authority. Pricing and picking time is the era he recommends for stocking up.

WOMAN ADDED TO LIST

COLUMBUS.—Mrs. Julia P. Glock, wife of Akron, was a blind Thursday to the democratic women's state executive committee, making 11 members. Superstitious members are at work, and it was said at democratic state headquarters, still another woman is to be placed on the committee.

EX-ARMY OFFICERS FORM ORDER

Includes All Who Bore Commissions in World War

DETROIT, Mich.—(By Associated Press)—Organization of the Military Order of the World War was completed here Thursday by adoption of a constitution and selection of officers. The new order, a consolidation of the American Officers of the Great War, and other bodies, is open to all commissioned men, who served in the United States or associated armies in the world war.

For purposes of organization the country was divided into nine departments—four in the east and southeast, three in the central west and two in the west.

In addition to the general staff, there will be nine department commanders. The constitution follows closely that of the American Legion. It declares for a consistent military policy by the United States and prohibits political activity within the order.

OHIO WOMAN CHOSEN FOR DEPUTY SHERIFF

SPRINGFIELD, O.—Miss Leona Yeazel Thursday was appointed deputy sheriff by Sheriff James L. Webb of Clark co. The appointment was approved by Judge Frank W. Giger of common pleas court. This is believed to be the first appointment of a woman deputy sheriff in the state.

REPUBLICAN CAMPAIGN OFFICERS ELECTED

COLUMBUS.—David R. Jones, Cleveland, has been appointed executive secretary of the Republican state organization, according to an announcement made Wednesday night by State Chairman George H. Clark. Other appointments were:

D. Q. Morrow, Hillsboro, secretary of the campaign committee; and Charles A. Jones, Columbus, director of publicity.

Tom J. Brown, who has been directing publicity, will be made editor-in-chief of the Ohio Republican, Clark said.

RETURNED TO HOSPITAL

Edward Resever, larger and patient at the Lima state hospital who escaped from that institution early in June, has been apprehended and returned to the hospital. Shortly after leaving here Resever went to Washington, D. C. where he was later arrested. Resever was transferred to the hospital some time ago from the state penitentiary.

New Device Attached Aids in Use of Instrument

HAS RANGE OF 15 MILES

Latest Invention Just Announced At New York

NEW YORK.—Dr. Lee De Forest, whose inventions have made wireless telephony practicable, has just completed his first, easily portable, non-high potential radiophone.

The apparatus designed for the camper, farmer, automobilist, yachtman, foresterman or patroller, can easily be packed in a handbag, and the total weight, including six-volt storage battery necessary to operate the radiophone, is but sixty pounds.

"Do you think it will be possible to develop this thing so one can carry a wireless around in his pocket?" the inventor was asked.

"Ask the battery people," said Dr. De Forest. "Most of the weight is in the battery. So far as receiving messages are concerned, very light radiophones could be developed. I think, but to transmit messages, electric current is essential, and for that a storage battery would be necessary. No, we are hardly likely to see people going about with radiophones hooked on them."

The "heart" of the radiophone, Dr. De Forest explained, is a small bulb, known as the audion, an unguessed electric light bulb, which contains a filament, grid and plate, which amplifies and transmits electric vibrations.

"I have worked out the same idea in the larger oscillation tube, which can be used to transmit the spoken word across the Atlantic Ocean, if desired," he said.

"How far will the portable radiophone transmit messages?" "All weatherers this small instrument will carry very clearly up to fifteen miles," Dr. De Forest replied.

"Why did you invent it?" "Because there is a use and demand for it," he said. "The original model, I might say, was bought right out of the laboratory by a man who said he couldn't wait for the standardized model which we are preparing to turn out in quantities. Whenever there is water to be crossed or any era there are no existing land wires, the radiophone is much cheaper to install and operate than the telephone."

"How much will the small set cost?" "About \$200," Dr. De Forest replied.

"But, of course, two of them would be necessary for any practical purpose, one on each side of the river, lake or wherever it was decided to use the wireless system."

"Do you expect the wireless telephone to supplant phones in homes and in the business world today?" he asked.

"No. The radiophone will not supplant existing satisfactory wireless telephone service," Dr. De Forest said. "Radiophone conversation is not secured, unless a code of the radiophone will not supply quite satisfactory service 245 days out of the year as the telephone, because at infrequent intervals static conditions will hinder its operation."

"But the radiophone will transmit loud, clear speech, maintaining all the voice characteristics better than any telephone, and will transmit simultaneously to as many points as desired, without any code, and to all of them. Rain, sun and fog do not bother the radiophone. Neither do mountains, streams or forests."

"Then why don't we begin talking by wireless to Europe?" "It can be done any day if anyone who desires to spend the money for proper equipment," said Dr. De Forest.

"Given good weather, a 20-kilowatt outfit will make speech possible and practical across the Atlantic Ocean; a 60-kilowatt apparatus will do it in average weather; a 1,000-kilowatt outfit will do it in bad weather, when static conditions are wrong."

Long-distance talking is possible by wireless only by use of the audion and oscillation, both invented by Dr. De Forest, which are more sensitive than any known detector of electric vibrations.

"When a business man wants to talk to Londonwall 500, London, he doesn't wish to be told static conditions, either here or abroad, may delay the call half a day," continued Dr. De Forest. "That is one of the chief obstacles to radiophone service to Europe."

STATE PURCHASE DELAYED

COLUMBUS.—Purchase of the 2,000 acres of marsh land near Sandusky Bay by the state for a public shooting preserve and wild game sanctuary will be delayed for some time because of complications in the titles to the land. A. C. Baxter, chief of the state fish and game bureau, announced Thursday.

PROTECT YOUR CHILD AND OTHERS The poisoning of children by lead paint and colds to their children. At the first sign of a cold it is well to give a child a dose of Pol's Honey and Tar Compound that is safe, reliable and effective. Mrs. J. B. Plummer, 216 Autumn St., Passaic, N. J., writes: "Pol's Honey and Tar Compound has saved my little boy's life. I have tried for my little boy's children like it. Good for coughs and colds, whooping cough, hay fever and asthma. Sold every where."—Ad.

NOSES AND CHARACTER

NEW YORK. — Josephine, of France, early married Vicomte Beauharnais. After his execution she was induced to wed Napoleon Bonaparte. Because this childless marriage displeased France, she consented to divorce so that the Emperor might marry Archduchess Marie Louise.

Lucretia Borgia, who was the sister of Caesar Borgia, is famous for her many wanton crimes and vices being chiefly known for her deeds of poisoning. She was married three times. In later years writes cleared a lot of many charges.

Maddened by the beauty of Helen of Troy, Paris, son of Priam, stole Helen from her husband, Menelaus, who gathered together a number of Greek princes to avenge the wrong. This brought on the Trojan war. When Paris was killed Helen was married to his brother and later betrayed him, after Troy fell, in order to win back her first husband.

All of them had straight noses.

Familiar to scientists is the fact that a chain is only as strong as its weakest link. From a physiologist and psychologist, Professor E. V. Howe, now conducting a thorough investigation of humanity by means of a walking tour to "See America," comes another useful—if a more disturbing—fact.

Professor Howe stopped on his travels long enough to say in effect: "A woman is only as good as her nose."

"I've seen them all, I have been to all the foreign places—India, Australia, Port Lee, Africa, Soviet Russia and the Scandinavian peninsula—and I tell you a woman with a straight nose will never forsake you. They live but once and are very constant."

Women with straight noses make the best wives. Whenever I want to judge anybody I look at his nose. Professor Howe also said people with large noses should be proud rather than ashamed; that a sizable nose was a sign of intelligence and self-control. That straight noses mean reliability, while thin-nosed people are narrow-minded.

He also brings the news that the a hound may be livelier company than a brute, she is more apt to forsake you for another. This last, the professor says, he positively knows and is prepared to prove. In classic times beauties had golden hair and straight noses.

Foremost among the straight-nosed women of history were the celebrated Greeks. Yet Helen of Troy was able to stir up quite a little excitement in spite of her clean-cut profile. And there was Madame Ulysse, who stayed home and wove mantles and did other reconstruction work, while her wandering husband went gallivanting around looking for trouble—and a short-nosed woman.

Ulysse struck a dead calm while he was out cruising for the Graeco-Roman cap, or vase, and decided to take instead the cup that the shen Ceres offered.

Ceres' wife was an imperious, that to mention her is to name a synonym for virtue. It is quite safe to assume that the famous general's

NAMED AS NAVAL AID IN EMBASSY OF U. S. IN LONDON

NEW YORK. — In view of the fact that William G. McAdoo has arranged with the Democratic national committee to make an extensive stumping tour on behalf of Cox, unusual interest was aroused in political circles here Thursday by a statement issued by the former secretary of the treasury, in which he vigorously opposes any modification of the Volstead act.

McADOO SUPPORTS VOLSTEAD ACT

Characterizing any attempt to modify the act in favor of beer, wine and beer as an effort to nullify the prohibition amendment, McAdoo said:

"To permit the sale of light wine and beer is to open a crack in the door of prevention and once the crack is open, the door is wide. It would be impossible to prevent the gravest abuses. The brewers and the wineries know this. They know that prohibition would be a dead letter once a beer and light wine bill is passed."

"Every man and woman voter who put the country's welfare and humanity above their gratification of harmful appetites should see to it that the next congress does not restore the breweries and wineries to political power and re-establish the debasing and immoral liquor traffic."

JUDGMENT CONFESSED

Judgment by confession for \$720.65 was granted J. P. Bowman against Jacob D. Ward and H. L. Tracy, in common pleas court Thursday. The amount is claimed to be due on a note.

An Indignant Protest

This is to notify the public that reports to the effect that I am sick are erroneous.

If I am ill, pure gold has the mumps.

I did admit to a friend that the way some folks act these days makes me feel sick but that is all there is to it.

Never in all my long, illustrious life have I felt so useful; it is pep, not pip, that I have.

Maybe I am not as popular as once but the day will come when people who now treat me with contempt, will be glad to have me for a pal.

If I cannot do the things I used to, it is only because I am not given the chance; organically I am sound and I want it known that by the might of my sacred E. Pluribus Unum, they don't make them any better.

Therefore be it known by all men, women and little children, that if you save me now when it can be done without much trouble, later on I will save you from trouble.

I ring true, that's what I do. Yours for an Easy Chair in your Old Age.

U. S. DOLLAR.

P. S. Take me and my brother to The Allen County Savings and Loan Company at the corner of Market and Elizabeth streets. There we will be safe guarded and grow five percent larger every year. We will be worth so much more to you when you need us.

Bank Clerks Locked In Vault, Robbers Take Charge

CANTON, O. — Six unmasked men Thursday at once entered the First National Bank of Louisville, locked three employees in the vault and escaped with \$1,500 in cash. The robbers entered the bank together, each drawing a revolver, ordering Miss Dorothy Slusser and Miss Gladys Zartman and U. S. Yoder, employees, to throw up their hands. Four of the men hustled the trio into the vault, while the others climbed the railing and rifled the cash drawers.

CHICAGO DOCTOR WORKS OVERTIME IN WRITING WHISKEY PRESCRIPTIONS

CHICAGO.—Writing prescriptions, even for whiskey, is no child's work, take it from Dr. M. H. Fash. Fash, called before C. A. Stone, prohibition director for Illinois to show cause why his license to issue prescriptions for spirits, should not be revoked, told how he carried the load to oblige several hundred customers a day.

"I started writing prescriptions at 7 a. m. and worked 12 hours without rest," he said. "My lunch was sent to the office and I ate while I worked."

Fash admitted writing 308 prescriptions in one day and said he wrote 700 in four days. Figure it out yourself at \$2 per.

FIRST WOMAN TO VOTE UNDER THE 19TH AMENDMENT

MISS MARGARET NEWBURGH

Women in many states have voted under the operation of state suffrage laws, but Miss Margaret Newburgh, of South St. Paul, Minn., probably was the first woman to vote in the United States under the nineteenth amendment to the federal constitution. She appeared at the polling place at 6 a. m. on August 27, the occasion of a special election on a municipal bond proposition, and was the first to vote in her precinct.

STEEL CASTINGS PLANT CLOSES

Slack Business Given as Reason for Suspension Saturday

LONG IDLENESS PREDICTED

Official of Lima Concern Resigns His Position

Following a meeting of the Board of Directors of the Lima Steel Castings company, Thursday, the management announced total suspension of their plant on Saturday.

M. L. Johnson, general manager and treasurer, made the following statement to The News and Times-Democrat:

"For some months past operation has been at not to exceed half capacity. This has been due principally to the great slackening in not only the Motor Truck industry but also in the industries dependent upon same. The present financial stringency having been felt by these trades almost more so than in any other. The plant has for years made a specialty of this class of work and therefore rather than continue under present conditions it was concluded to shut down and await better conditions.

"As far as the Company's financial condition, it is of the best and it is only to conserve present resources that it was decided to take this step and await developments."

The plant at capacity employs 300 men and this suspension comes at a time when 150 men were on the payroll. Manager Johnson, basing his forecast on the money market and motor industry, stated he feared that it would be several months before operations could be resumed. Johnson resigned his position and will devote all his time to the Wapakoneta Holloway Co., of which he is president.

Others interested in the closed industry are: Ben P. Thomas, Walter Bradley, B. A. Gramm and Max Bernstein.

BERGER RUNNING FOR CONGRESS

Says He Will Continue to be a Candidate

VICTOR L. BERGER is once more the Socialist candidate for the fifth Wisconsin district, which includes a large part of the city of Milwaukee. And although he has been sentenced to a term in a federal penitentiary for violation of the sedition act — he is now awaiting the decision of the supreme court on appeal — he is close political observers believe that he will be elected in November.

There is something of romance in the life story of Victor L. Berger. He was born in Austria more than sixty years ago. He was educated in the universities of Vienna and Budapest, but before he was ready to graduate financial reverses caused his family to emigrate to Milwaukee. Here he worked at various trades and taught school. Finally he became editor of the Milwaukee Daily Worker, 1912, a position he held for six years. Later he edited the Warrenton (Ore.) and the Social Democratic Herald (English), then he became editor of the Milwaukee Leader, a Socialist daily. He still holds this position.

During all these years Berger was extremely active in politics. He was a leader in the organization of the Socialist party, and has always been one of its most prominent members, second to Eugene V. Debs. Berger was the first Socialist ever elected to the U. S. congress. This was in 1910. After his indictment for sedition in 1918 he again ran for congress and was elected. The lower house refused to accept him as a member. A special election was held in his district, and he was elected again, this time defeating the Democrat-Republican fusion candidate. Once more the house of representatives refused to seat him. Berger says he will keep on running for the lower house until somebody gets tired of refusing him a seat.

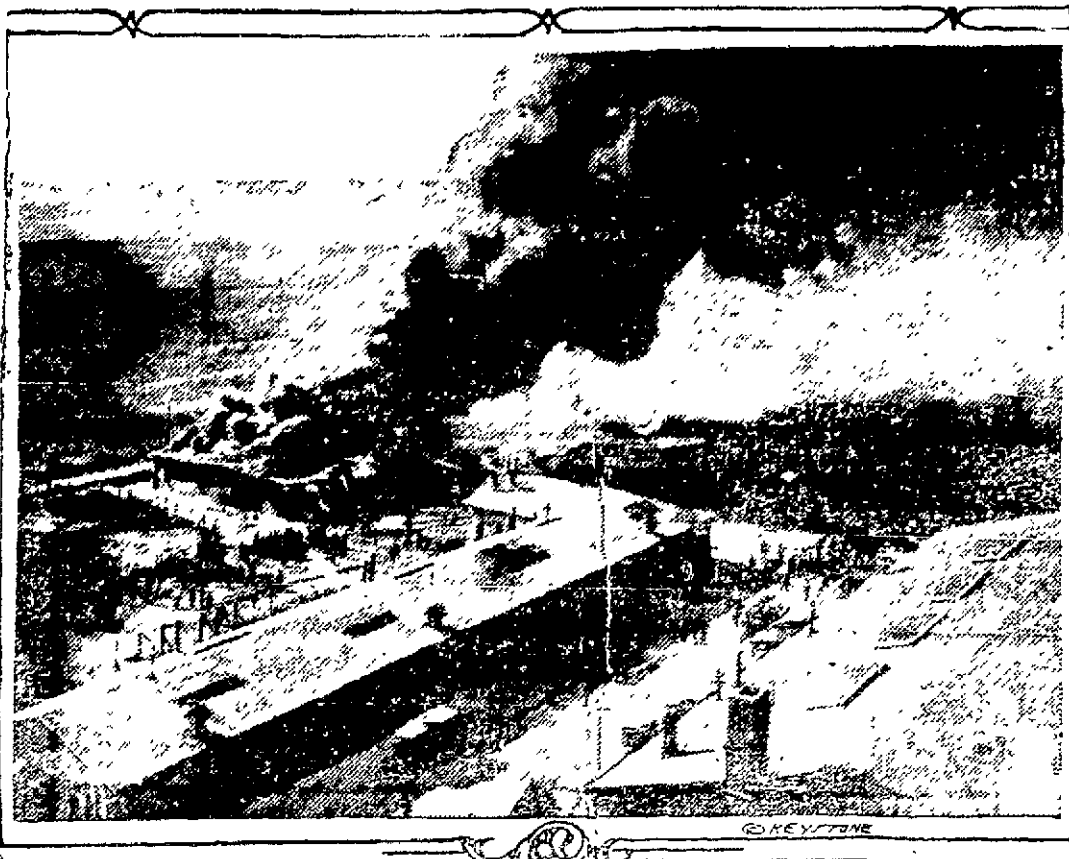

CONDUCTOR KILLED. CANTON, O.—William J. McHugh, freight conductor on the Baltimore and Ohio railway, received injuries here Wednesday evening which caused his death 40 minutes later in Aultman hospital. He was caught while trying to make a coupling of cars.

It's Your Liver
And Stomach that give you that despondent, irritable and dreary feeling. Why not write Dr. Burkhardt, 621 Main St., Cincinnati, Ohio, today. He will send you a treatment of Dr. Burkhardt's Vegetable Compound. Pay when restored. It will put your liver, stomach and bowels in perfect order. The treatment costs 25c. 10 days, 50c. All druggists.—Adv.

DYSPEPTIC DIET NO LONGER NECESSARY
The old plan of prescribing strict diet for dyspeptics and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect but mostly because of the discovery that nearly all stomach troubles are due to excessive acidity. The organs of digestion are themselves all right but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid when natural processes of digestion will follow.

For this purpose a teaspoonful or four tablets of Bismarck-Magnesia in a little water neutralizes the acid, stops the fermentation of the food, dispels the gas, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarck-Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milk of magnesia or Epsom's Salts. Stomach sufferers are advised to try this plan for three days and not fail.

RETREATING REDS BOMB POLISH TOWN

PROBE OF RENTS

Dugan Says Committee Will Make Investigation

Whether there is any rent profiteering in Lima is to be determined by proceedings which will be instituted early next week by the Allen County fair price commission, according to announcement of Chairman J. B. Dugan, Thursday.

Dugan declared the matter will be thoroughly investigated, and any increases which are found to be excessive will be turned over to federal authorities.

Dugan said a schedule fixing the prices to be charged by restaurants is expected from the state fair price commissioner early next week.

HAS HANDED OUT MAIL FOR THIRTY-EIGHT YEARS

HELENA, Mont.—Billy Bishop, aged seventy-eight years, is forced to retire from his thirty-eight-year-old job of general delivery clerk in the Helena Post Office because of his age. His age is no indication of his ability and energy, but he must bow to the ironclad rules of the Post Office Department, although appeals of prominent Helena men and postal officials were taken direct to Postmaster-General Burke on the retired August 26, in accordance with the final decision of the department. Almost since the post office started, before the days of carrier delivery, when there were three men in the shop which is now run by thirty-five men and women, Billy Bishop was on the job at the general delivery window.

MOTHER GETS ESTATE

By the terms of the will of Miss Myrtle Lutes, late of West Cairo, deceased, all her property was left to her mother, Mrs. Matilda Lutes, who was named executor in the will. The estate amounted to \$2,693, of which \$2,000 is real estate.

ACCENTS POSITION

Miss Hesteven Ross has accepted the position at the offices of the Lima chamber of commerce, made vacant recently by the resignation of Miss Hannah Gaiford, who has returned to her home in Florida.

WORK IS STOPPED

Gas Line Repair Impossible Now, Curtin Says

The Medina gas company has discontinued work on the lines east of Lima following action of the Lima city council in refusing to grant a new franchise to the Lima Natural Gas Co., President Emmett A. Curtin, of the Lima company declared Thursday. Two hundred men were laid off, he said.

Curtin declared the Medina company only commenced the work because he made a personal advance of \$25,000 on the supposition that a favorable franchise would be granted. He said there is now no available funds for completing the repairs.

Curtin said the gas company stands ready to live up to its contract with the city of Lima, and will furnish as much natural gas as can be obtained from the "e" fields.

There was reported to be a noticeable shortage Thursday forenoon. The gas in the motor's office showed a pressure varying from 1-2 to 2 ounces during the forenoon.

JAY WALKERS ARE APPEALED TO

Mayor Asks Cooperation to Keep Traffic Moving Smoothly

Are you a Jay-walker? If so, you must mend your ways. If you would cooperate with the Lima police department in handling traffic in an orderly manner.

Mayor Frank A. Burkhardt issued an urgent request Thursday that all pedestrians lend their cooperation by crossing the streets within the white lines which have been painted at crossings. These lines enclose a space equal to the width of the sidewalks, from the building line to the curb line. Automobiles will be required to slow down at these crossings, and where traffic cops are on duty, to stop before reaching the white lines when the traffic signal is against them.

The mayor declared the street department has just received a fresh supply of white paint, and these safety zones for pedestrians are to be kept freshly painted.

Particular attention is called to the use of these safety zones in crossing the public square. It is a matter of general comment that pedestrians in crossing the square, observe no rules whatever, but cross it more as they were eight-centuries, Burkhardt said.

The mayor declared he has heard a great deal of favorable comment on the safety zone recently established about the transfer station, enabling persons leaving or boarding city cars to do so in safety. The result however, he declares, is that cutting down space in the use of automobiles makes it absolutely necessary for pedestrians to observe the safety zones in crossing.

2 WOMEN SOLE MEMBERS OF FOSSIL HUNT ON LAKE

WINNIPEG, Man.—Miss Alice E. Wilson, of Ottawa, Ont., accompanied by a young schoolteacher of Montreal, is today proceeding slowly down the shores of Lake Winnipeg by rowboat collecting fossils for the geologists' department of the Canadian government.

The two women began their explorations at Bensusan river, a few days ago and it is expected the trip will last six weeks more.

They have no male assistant and in addition to cooking their own grub, they pitch their own tent and look after a good sized outfit including geological tools and records. They carry automatic pistols, a shotgun and fishing rod with which to provide fresh meat and fish.

ESTATE CONSISTS OF LAND

The estate of Mrs. Eliza A. Chapman, late of Perrytp., who died March, 1920, amounted to 24 acres of land in Perrytp., valued at \$3,000, her widow, Mrs. Wm. H. Chapman, is given a life estate in the property.

DAYTON PAIR IS GIVEN FINE

Plead Guilty to Statutory Charge in Lima Court

Grover C. Murray, 35, Dayton, garage man and Mary Anna Thompson, 37, Dayton, were each fined \$50 in criminal court Thursday morning after pleading guilty to statutory charges placed against them by Murray's wife, Mrs. Maude C. Murray.

The couple were arrested Thursday morning by Plainclothesmen Reed and Billstone. Murray was taken at a garage on W. Market-st., and the woman was later arrested at a lodging house on N. West-st.

After the couple were lined here, they were released to Deputy Sheriff Charles Bergmann, who left with them for Dayton, where they will face a new set of charges, according to police.

In addition to statutory charges, Murray will be charged with desertion of a wife and two minor children, aged 11 and 13, police stated. Murray's wife, accompanied by Deputy Sheriff Bergmann arrived in Lima Thursday morning with information which led to the arrests, according to police.

MEN AND MATTERS

Announcement was made Thursday of the change in boundaries of Ward 5, Precinct G, as follows: North, bounded by the Erie R. R.; South, by the corporation line; East, by the corporation line; West, by Florence-ave and St. Johns-ave.

Invitations have been sent out by The Wheatley Co., security dealers, for the opening of the concern's new offices on the second floor of the Citizens' building Saturday. The hours announced are 2 to 4 and 7 to 9 p. m.

MARRIAGE LICENSES

Franklin Cobb, 25, dairyman, Toledo, and Ilo E. Becker, 25, bookkeeper, 127 N. West-st.

Leonard R. Benson, 31, chemist, 1055 State-st. and Mary E. Helser, 21, typist, 213 N. Washington.

CHILDREN GIVEN ESTATE

The estate of Mrs. Clarissa Stockler, late of 1004 W. High-st., who died August 26, amounted to \$500 in personal property, according to terms of her will. She divided the amount equally between her nine children.

WIFE GETS PROPERTY

Scott F. Rumbaugh, Shawnee-sp., who died August 19, left his entire property to his widow, Mrs. Rachel M. Rumbaugh, and named her executor by the terms of his will, probated Thursday in court. The estate consists of \$1,000 in personal property and \$600 in real estate.

OUT THIS OUT-IT IS WORTH MONEY

Out this slip, enclose with 5c and mail it to Foley & Co., 2531 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, back ache, kidney and bladder ailments; and Foley Cathartic Tablets, a whole-some and thoroughly cleansing cathartic for constipation, biliousness, headache, and sleeplessness. Sold everywhere.—Adv.

CHILD IS TAKEN FROM MOTHER, GIVEN TO FATHER

Probate Judge F. C. Becker took Evelyn Miller, small daughter of Mrs. Lulu May Miller, 523 E. Market-st., and of Zed. I. Miller, from the custody of the mother and gave her into the hands of the father, Thursday.

Miller instituted habeas corpus proceedings in court to secure custody of his child, whom he claimed, was being forcibly detained by her mother.

Mrs. Miller sued for divorce last winter. When the case was decided, the custody of the child was given to the father.

Mrs. Miller has succeeded in having the case re-decided and in a hearing before common pleas court, will endeavor to secure custody of her child.

AFFECTS GARAGES

New State Law May Necessitate Changes in Buildings

A new state law which went into effect July 1 may require a number of Lima garages to be remodeled extensively, according to Mayor Burkhardt. The Mayor received a copy of the law from the state industrial commission. He declared it affected mainly garages of wooden construction which would be a fire menace.

The mayor declared that in the absence of a building inspector, he would turn the matter over to City John Mack of the fire department, who will make a thorough inspection of garages throughout the city.

Cured His Rupture

I was badly ruptured this spring a trunk several years ago. Doctors said my only hope of cure was an operation. Tusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 815 E. Marquette Ave., Minneapolis, Minn. I will tell you the name of the man who cured me and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Anna Case Gives Her

Endorsement to Nerv-Worth

Says She Can Recommend This Famous Preparation To All Who Suffer from Nervous or Stomach Troubles.

"I was so nervous and my stomach was so bad," she writes from her home, 210 17th St., Ashland, Ky., "and I was all run down in health. I couldn't rest at night. After taking 3 bottles of Nerv-Worth, I found your medicines relieved me of that tired and run down feeling from which I suffered for several years. I am feeling so much better that I can say to the public that Nerv-Worth will certainly relieve all ailments of stomach and nervousness that humanity is subject to. I can recommend the tonic to all sufferers." Nothing needs to be added to the above statement to make it emphatic. The statement itself tells the wonderful story of actual results obtained in an individual case. If you suffer from nervousness or stomach trouble, give Nerv-Worth a trial. If your first trial bottle does not help you, your druggist will refund your money. Be sure that you get the genuine Nerv-Worth in the large round bottle. Price \$1.25 plus tax. You will finally come to Nerv-Worth for results. Why not start now? Sold by Butler's, The Central, Everybody's, Hunter's and all leading druggists everywhere.—Adv.

The Distinctive Quality of Good Furniture

In so many instances a few well chosen pieces of good furniture will transform the dull commonplace of a living room, and give to it that air of gracious well-being and distinction that is so desirable.

On our floors are various collections of individual pieces, and complete suites with the characteristics suitable to various rooms. We also have a fine assortment of specially designed furniture for halls, including authentic Period reproductions and the best of modern adaptations.

We Are Ready To Assist You Towards Selecting The Proper Furnishings

Both in variety of pieces shown and in the color schemes and decoration this is the largest and most interesting exhibit we have ever held.

LEAGUE WILL SAVE CASH SAYS COX

Advocates Better Houses, Roads, Fewer Battleships

URGES LAND RECLAMATION

Governor Closing Two-Day Tour of Montana

HELENA, Mont., (By Associated Press).—Arguments in behalf of the league of nations adapted to affairs of the west were presented here Thursday by Governor James M. Cox, Democratic presidential candidate. He outlined what he declared were practical material benefits to flow from the league.

"It has recently been figured," said the governor, "that the cost of one battleship would reclaim two million acres of land."

"Multiply this by forty-eight, the number of states, adopting the plan of one battleship for each state, and you have a staggering total, and, if properly applied, the answer to the problem of housing in our cities, the answer to the question of increased production for sustenance of human life. The expenditure required in total would reclaim 150,000 square miles of waste. It would build new permanent paved arteries entirely across the United States.

"Think of this in terms of reclamation of arid and waste lands. If you will, and think what it would mean to have one million men, exclusive of thousands required in shipyards and ammunition plants, turning their activities to the production of the necessities of life, rather than to employment in the creation of agencies for the destruction of life."

DISCUSSES RECLAMATION

The governor's speech here, after a few rear platform addresses en route, opened the final day of his Montana campaign. He came here from Great Falls and was scheduled to speak here today at Anaconda and at Butte tonight. In discussing reclamation the governor declared against "out-patent ill-considered system of reclamation projects."

"What we need," he added, "is a definite program fitted into a definite business administration and a program adopted by which each year, there will be added for a public use, a definite number of acres under such provisions as will mean the early enlargement of reclaimed acreage and production."

WISH COMES TRUE; DIES WITH HUSBAND

MENCIER, Ind.—Surrounded by consoling friends, dressed for the funeral of her husband, which was to have been held in the village church thirty minutes later, and just after she had expressed regret that her wish to die with him had not come true, Mrs. Rebecca Besser, of Roverton, sat back in her chair and died before aid could be summoned.

A messenger was sent to the church and the funeral of Frederick F. Besser, the husband, was postponed and the double funeral of the man and woman was held twenty-four hours later.

HE COULDN'T REMEMBER HIS SWEETHEART'S NAME

COALTON, Okla.—Making errors in his bride-to-be's first name proved no bar to J. C. Coughlin, thirty, obtaining the "girl of his choice." After having obtained six marriage licenses only to find that his memory had played him a trick each time, Coughlin wrote the name on a piece of paper, pinned it to his coat lapel and secured "life sentence" certificate lucky number seven.

The family upon which Coughlin's affections centered, Hurst by name, included three daughters. His trouble was that he failed to remember whether it was Ethel, Fannie or Mabel when he arrived at the county judge's office on the six successive occasions.

SOMETHING NEW COMING IN CANS FOR SARDINES

BOSTON.—Representatives of local sardine companies who have returned from the Maine sardine canneries districts state that owing to the tin can shortage, an innovation is coming in sardine cans. This year for the first time, they say, Maine cannerymen of the tasty little fishes are to use other than the familiar small oblong cans for sardines. They will use both the round salmon cans and the large oblong cans in which kippered herrings have heretofore been put up.

CURSED UNBORN CHILD.

CHICAGO MOTHER CHARGES.—A father's curse on his unborn child is the principal allegation cited in a divorce case in Chicago. Henry L. Hertz, former State Treasurer, Coroner of Cook County and International Revenue collector for the Chicago district, is the defendant in the action.

That her husband pronounced the curse that "he hoped his baby would be brought into the world without legs or arms," in the claim of Mrs. Hertz, who tells a lurid story of the alleged cruelties inflicted upon her. However, the child was born unaffected by her father's unseemly wish.

DR. BLACKWELL HAPPY; BOOSTED SUFFRAGE IN 1855

NEW YORK.—Dr. Antonette Thrown Blackwell, ninety-five years old, pastor emerita of the All Souls' Unitarian church, Elizabeth, N. J., when told that the Tennessee Legislature had ratified the nineteenth amendment granting women the right to vote, declared: "This is the happiest moment of my life. I know now that before I die I will be able to go to the polls and vote."

ROOSEVELT CONFERS WITH MRS. BASS AT DEMOCRATIC NATIONAL HEADQUARTERS

Franklin D. Roosevelt and Mrs. George Bass in conference at Democratic national headquarters in New York.

PREACHER SAYS IMPOSSIBLE TO "KEEP SEAL-SKIN FAMILY ON A MUSKRAT INCOME"

OMAHA, Neb.—Retirement of preachers from the ministry because their pay is poor was deplored by Bishop W. F. McDowell, of Washington, D. C., addressing a conference of Methodist ministers of Nebraska, here Thursday.

Bishop McDowell said he had heard one minister say he was retiring because he could not "keep a seal-skin family on a muskrat income," and declared that too many were getting out of the ministry for that reason.

SUIT FILED TO PREVENT PROHIBITION REFERENDUM

COLUMBUS.—Suit to prevent the referendum on the Crabbe prohibition act, on the part of the one providing state enforcement of the dry laws, were filed late Wednesday with Secretary of State Smith.

Arguments against the act were submitted by C. H. Wimmel, Graham P. Hunt and Eugene Helm, Cincinnati, representing the Ohio Home Rule Association. The brief for the statute was filed by J. A. "White," A. Mayhew, F. M. Anderson, L. J. Taber, and F. L. Gilliam, "dry" leaders.

BOY IS DROWNED SAILING TOY BOAT

DUBUQUE, Ia.—Sailing a toy boat in a water tank proved fatal to William Benson, five, of this place.

Reaching over the side of the tank to remove the boat, the child fell into the water and was drowned, his screams for help being unheard by his mother, who was taking an afternoon nap in an upstairs room.

The child's body was found in the tank following a fruitless search of the premises.

CRABBE PROHIBITION ACT WILL GO ON BALLOT AT ELECTION

COLUMBUS.—Arguments for and against the Crabbe prohibition act, the last of the series and the one providing state enforcement of the dry laws, were filed late Wednesday with Secretary of State Smith.

Arguments against the act were submitted by C. H. Wimmel, Graham P. Hunt and Eugene Helm, Cincinnati, representing the Ohio Home Rule Association. The brief for the statute was filed by J. A. "White," A. Mayhew, F. M. Anderson, L. J. Taber, and F. L. Gilliam, "dry" leaders.

EXPLOSION ABOARD STEAMER KILLS THREE

CLEVELAND.—The tug brought the disabled one Empire City into Cleveland early today with the port side of the boiler house blown off, the result of a boiler tube explosion Wednesday night which caused the death of three men.

Anthony Cobb, New York and F. J. O'Neil of Chicago were killed instantly. Harry Cooper of Cleveland died in a hospital from wounds.

The Empire City is a steamer ship of the Superior City, recently built with twenty-nine lives twenty miles west of South Ste Marie.

WINTER SCHEDULE

Ohio Electric Will Make Change On September 26

The Ohio Electric railway will inaugurate their winter interurban schedule on Sunday, September 26, according to announcement made Thursday by Claude C. East, superintendent of transportation.

While the schedule has not yet been completed, it is said it will not so materially differ from that in force at the present time. One announcement will be made, Superintendent East said, of all changes of cars and removal of any trains.

At the same time there will be a new sign-up of the men, those in long service of the company being given priority of runs, as in past years.

SCENIC ALPS MEAN MONEY TO FRANCE

PARIS, July. (Second of Art.)—to Napoleon, lies within the Alps to the France of today.

This is not the geographical perception it seems to be. The rich valleys beyond the mountains meant wealth to Bonaparte—the scenery and the water power of the Alpine barrier itself spells wealth to modern France.

The scenic value of the Alps has long brought riches to France. The growing exploitation of winter sports in the mountains is adding to the summer income. And now, short of coal, France is again turning to her mountains for fuel.

Developed her water power first, and is now beginning to exploit her scenery in France the power is true.

The glacial rivers which abound in the French Alps are being enlarged. Torrents are being brought in huge pipe lines down the sides of the mountains and even then they are funneled until the traveler, amazed at the stream of water spurting out of solid rock, begins to wonder if Moses didn't lead the children of Israel thru the French Alps instead of thru Syria.

Already in the "Limes," Girded by the French have the only cool mill in Europe operated entirely by hydro-electric power. Factories for the making of acetylene and other products are scattered along the rivers. Only a beginning has been made, but that beginning is being followed up. "White coal," as the French term water power, bids fair to solve the fuel problem of France.

HEALTH HABITS OF PRESIDENTIAL NOMINEES TO BE PUBLISHED

COLUMBUS.—For the first time in American politics the health habits of presidential candidates are to be made known to the country.

Governor Cox has just submitted to a complete medical and physical examination. It has been learned here, and all the facts of his health status are to be made public as soon as the data taken has been checked and verified and the reports ready.

The examination was made at the governor's mansion by the noted health expert, Dr. William Brady of Buffalo, N. Y. Dr. Brady has gone to Marion to talk health topics with Senator Harding.

Didn't Know She Was Coming To Wed

NEW YORK.—Nobody told Mrs. Johanna Hendwill, a comely young widow, when she left her home in the tulip fields of Holland that she was coming to America to become the wife of Jacobus Noens, a prosperous citizen of Mishawaka, Ind., and that was the beginning of this comedy of errors made tragic by the detention of the widow for a fortnight on Ellis Island.

When the young widow arrived on the steamship Noordam in August, bringing with her a little child by her former marriage, she was detained as liable to become a public charge. She gave testimony before a board of special inquiry that she had come to America to join her sister, who lives in Mishawaka.

"Do you know a man by the name of Jacobus Noens?" asked one of the inspectors.

"Yes; he is my sister's husband," said the widow.

The inspectors were amazed at this for they had affidavits from Jacobus Noens, forwarded from Mishawaka, that he intended to marry Mrs. Hendwill. When this was explained to her, Mrs. Hendwill was more amazed than the immigration inspectors.

"Why I haven't come here to marry anybody," she said. "The only man of the name of Noens I ever knew of is my sister's husband out there in Indiana. There's some terrible mistake."

But "out there in Indiana" Jacobus Noens wasn't aware of and, in fact, he sent a notary public and lawyer all the way to New York to get his bride released. Immigration officials don't release brides to visit and bedrooms, and particularly did they balk at the lawyer's proposition, for Mrs. Hendwill still said she knew of no bridegroom waiting for her in this "home of the brave."

The faster was sent back to Indiana with instructions to send the bridegroom in person, or the woman must be deported back to Holland.

Finally Jacobus Noens arrived at Ellis Island and all was explained. "I am the brother of Paul Noens, and Paul is the one who is married to this woman's sister," he said. "I have heard my brother and his wife talk for a long time of the unhappy life of Mrs. Hendwill in Holland. I offered with them about bringing Mrs. Hendwill over here, and offered to marry her, because I know her sister well and I know she is making my brother's life very happy as his wife. I believed Mrs. Hendwill would make me happy, too. I am more convinced of it now that I have seen her than I was before."

"I wonder they didn't tell me this before," said the blushing bride-to-be, apologizing for the trouble she had caused the immigration authorities. "It was all so confusing, but I won't repeat over my detention here now that it is all over with. It will be a happy household, brothers and sisters all married up. But, why didn't somebody tell me I was coming over to be married?"

LIMAITES AT RED CROSS MEET

Six Workers Attend Division Conference at Cincinnati

A complete health center will be one of the special attractions at the chapter conference of the Lake Division Red Cross which opened Thursday morning at the Hotel Sinton, Cincinnati. Lima delegates to the conference representing Allen chapter included R. J. Plate, who will represent the chapter officially. Mrs. R. E. Houghson of Delphos, and Mrs. J. H. Welsh of the chapter branches; Mrs. Irene Mills Jackson, the home service; Mrs. Frank E. Mead, the Juniors and Mrs. Lena R. Davis the chapter's general activities. Lima delegates will arrange to have the health center exhibit brought to Lima that the local public may get an idea of the tremendous good the organization is doing. Cincinnati Chapter has planned a model Child Welfare Clinic during the conference. The Teaching Center is also to have a model demonstration. Representatives of every Red Cross division chapter are expected to attend. The meeting is planned to inspire and encourage the chapters and branches which are active in peace time work. They will also arrange to give definite help to those which may need assistance in carrying out projected enterprises.

CROSSING MISHAPS KILL 1,000, HURT 3,000 IN YEAR

CHICAGO, Ill.—A thousand people killed and three thousand injured.

That is the annual toll of automobile accidents, as shown by the report of the National Safety Council. Millions have been spent by a flood of so-called safety devices, but nevertheless this is the average each year for such fatalities.

Auto accidents, it is pointed out, are increasing in almost a mathematical ratio in the last few years in America. A single more on track violations with more vicious prosecution is believed to be the only solution to the serious problem.

Positions Open in Bluem's Store

We have several openings for good, substantial clerks—for those who have had experience.

There is one opening in the Waists and Skirts of the Ready-to-Wear Department that is especially attractive. An experienced Corseteer is wanted for our corset department.

On the first floor there are some openings to be filled before the fall season begins.

There are other openings and if you are interested, and have had experience there is an opportunity for you at Bluem's.

STEEL CASTINGS PLANT CLOSES

Slack Business Given as Reason for Suspension Saturday

LONG IDLENESS PREDICTED

Official of Lima Concern Resigns His Position

Following a meeting of the Board of Directors of the Lima Steel Casting company, Thursday, the management announced total suspension of their plant on Saturday.

M. L. Johnson, general manager and treasurer, made the following statement to The News and Times-Democrat:

"For some months past operation has been at not too good a capacity. This has been due principally to the great slacking up in not only the Motor Truck industry but also in the industries dependent upon same. The present financial stringency having been felt by these trades almost more so than in any other. The plant has for years made a specialty of this class of work and therefore rather than continue under present conditions it was concluded to shut down and await better conditions.

"As far as the Company's financial condition, it is of the best and it is only to temporary present resources that it was decided to take this step and await developments."

The plant at capacity employs 200 men and the suspension comes at a time when 150 men were on the payroll. Manager Johnson, basing his forecast on the money market and motor industry, stated he feared that it would be several months before operations could be resumed. Johnson resigned his position and will devote all his time to the Wapakoneta Holloway Co., of which he is president.

Others interested in the closed industry are: Ben F. Thomas, Walter Bradley, B. A. Gramm and Max Bernstein.

BERGER RUNNING FOR CONGRESS

Says He Will Continue to be a Candidate

VICTOR L. BERGER is once more the Socialist candidate for the lower house of congress in the Fifth Wisconsin district, which includes a large part of the city of Milwaukee. And although he has been sentenced to a term in a federal penitentiary for violation of the sedition act — he is now awaiting the decision of the supreme court on appeal — close political observers believe that he will be elected in November.

There is something of a romance in the life story of Victor L. Berger. He was born in Hungary a little more than thirty years ago. He was educated in the universities of Vienna and Budapest, but before he was ready to graduate financial reverses caused his family to emigrate to Milwaukee. Here he worked at various trades and taught school. Finally he became editor of the Milwaukee Daily Worker, 1922, a position he held for six years. Later he edited the Warbelt (German), and the Social Democratic Herald (English); then he became editor of the Milwaukee Leader, a Socialist daily. He still holds this position.

During all these years Berger was extremely active in politics. He was a leader in the organization of the Socialist party, and has always been one of its most prominent members, second to Eugene V. Debs. Berger was the first Socialist ever elected to the U. S. congress. This was in 1910. After his indictment for sedition in 1918 he again ran for congress and was elected. The lower house refused to accept him as a member. A special election was held in his district, and he was elected again, this time defeating the Democrat-Republican fusion candidate. Once more the house of representatives refused to seat him. Berger says he will keep on running for the lower house until "a body gets tired of refusing him a seat."

CONDUCTOR KILLED.
CANTON, O.—William J. McHugh, freight conductor on the Baltimore and Ohio railway, received injuries here Wednesday evening which caused his death 40 minutes later in Aultman hospital. He was caught while trying to make a coupling of cars.

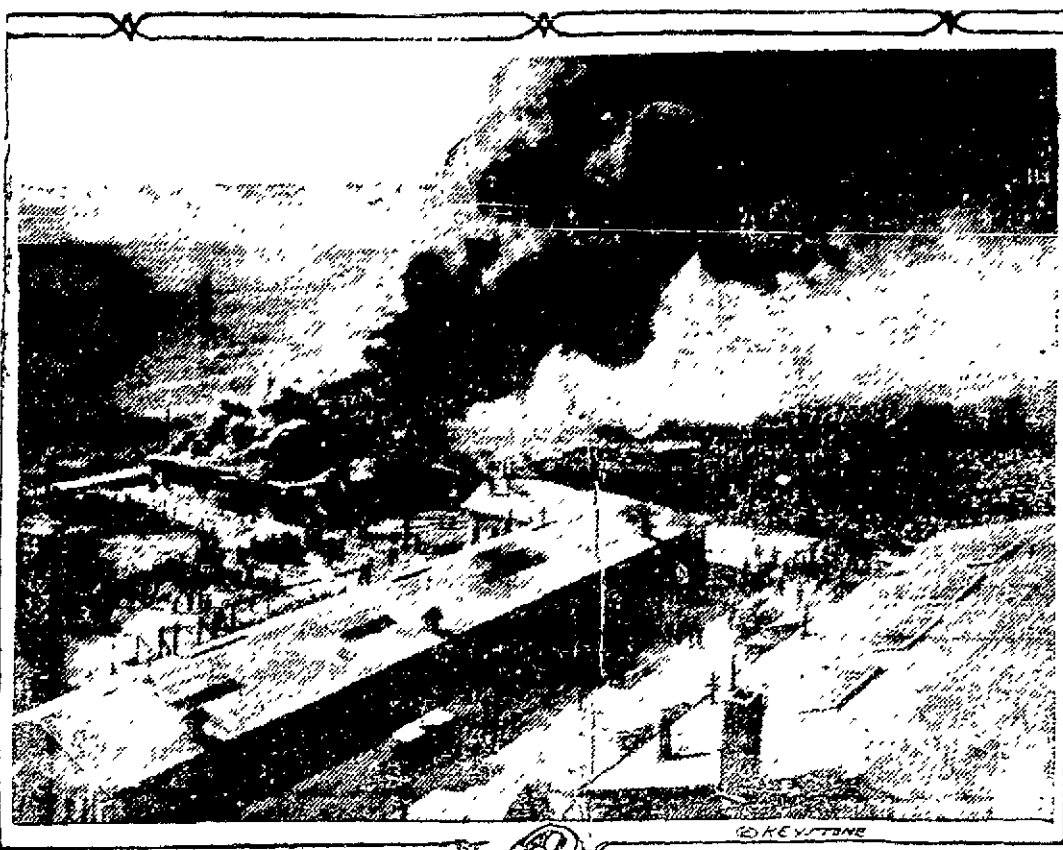

It's Your Liver
And Stomach that give you that despondent, irritable and dreary feeling. Why not write Dr. Burkhardt, 621 Main St., Cincinnati, Ohio, today? He will send you a treatment of Dr. Burkhardt's Vegetable Compound. Day when restored. It will put your liver and stomach in perfect order. 30 days' treatment, 25c. 70 days, 50c. All druggists—Adv.

DYSPEPTIC DIET NO LONGER NECESSARY

The old plan of prescribing strict diet for dyspeptic and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect, but mostly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid, when natural painless digestion will follow.

For this purpose a teaspoonful of four tablets of Bismarck-Magnesia in a little water neutralizes the acid, stops the fermentation of the food, dispels the gas, and thus permits the stomach to work with its work without hindrance. Owing to its prompt and certain action Bismarck-Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia. Such as milk of magnesia, carbonate or oxide. Stomach sufferers are advised to try this plan for three meals and note results.

RETREATING REDS BOMB POLISH TOWN

Polish airplane hangs in flames at Rovno, Poland.

PROBE OF RENTS

Dugan Says Committee Will Make Investigation

Whether there is any rent profiteering in Lima is to be determined by proceedings which will be instituted early next week by the Allen county fair price commission, according to announcement of Chairman J. H. Dugan, Thursday.

Dugan declared the matter will be thoroughly investigated, and any increases which are learned to be excessive will be turned over to federal authorities.

Dugan said a schedule fixing the prices to be charged by restaurants is expected from the state fair price commissioner early next week.

HAS HANDED OUT MAIL FOR THIRTY-EIGHT YEARS

HELENA, Mont.—Billy Bishop, aged seventy-eight years, is to retire from his thirty-eight-year-old job of general delivery clerk in the Helena Post Office because of his age. His age is no indication of his ability and energy, but he must bow to the ironclad rules of the Post Office Department, although appeals of prominent Helena men and postal officials were taken direct to Postmaster-General Burleson. He retired August 26, in accordance with the final decision of the department. At least since the post office started before the days of carrier delivery, when there were three men in the entire shop which is now run by thirty-five men and women, Billy Bishop was on the job at the general delivery window.

MOTHER GETS ESTATE
By the terms of the will of Miss Myrtle Lutes, late of West City, deceased, all her property was left to her mother, Mrs. Matilda Lutes, who was named executor in the will. The estate amounted to \$2,693, of which \$2,000 is real estate.

ACCEPTS POSITION
Miss Hester Ross has accepted the position at the offices of the Lima chamber of commerce, made vacant recently by the resignation of Miss Hannah Garford, who has returned to her home in Philadelphia.

JAY WALKERS ARE APPEALED TO

Mayor Asks Cooperation to Keep Traffic Moving Smoothly

Are you a jay-walker? If so, you must mind your ways, if you would cooperate with the Lima police department in handling traffic in an orderly manner.

Mayor Frank A. Burkhardt issued an urgent request Thursday that all pedestrians lend their cooperation by crossing the streets within the white lines which have been painted at crossings. These lines include a space equal to the width of the sidewalks, from the building line to the curb line. Automobileists will be required to slow down at these crossings, and where traffic cops are on duty, to stop before reaching the white lines which the traffic signal is against them.

The mayor declared the street department has just received a fresh supply of white paint, and these safety zones for pedestrians are to be kept freshly painted.

Particular attention is called to the use of these safety zones in crossing the public square. It is a matter of general comment that pedestrians in crossing the square, observe no rules whatever, but cross it more as they were right-walkers, Burkhardt said.

The mayor declared he has heard a great deal of favorable comment on the safety zone recently established about the transfer station, enabling persons leaving or boarding city cars to do so in safety. The result, however, he declares, is that cutting down space to be used by automobiles makes it absolutely necessary for pedestrians to observe the safety zones in crossing.

2 WOMEN SOLE MEMBERS OF FOSSIL HUNT ON LAKE

WINNIPEG, Man.—Miss Alice E. Wilson, of Ottawa, Ont., accompanied by a young schoolteacher of Montreal, is today proceeding slowly down the shores of Lake Winnipeg by rowboat collecting fossils for the geologists' department of the Canadian government.

The two women began their explorations at Berens river, a few days ago and it is expected the trip will last six weeks more.

They have no male assistant and in addition to cooking their own grub, they push their own boat and look after a good sized outfit including geological tools and records. They carry automatic pistols, a shotgun and fishing rod with which to provide fresh meat and fish.

ESTATE CONSISTS OF LAND
The estate of Mrs. Eliza A. Chapman, late of Perry, Ind., who died March, 1920, amounted to 24 acres of land in Perry, valued at \$2,000. Her widower, John H. Chapman, is given a life estate in the property.

WORK IS STOPPED

Gas Line Repair Impossible Now, Curtin Says

The Medina gas company has discontinued work on the lines east of Lima following action of the Lima city council in refusing to grant a new franchise to the Lima Natural Gas Co., President Emmett J. Curtin, of the Lima company declared Thursday. Two hundred men were laid off, he said.

Curtin declared the Medina company only commenced the work because he made a personal advance of \$25,000 on the supposition that a favorable franchise would be granted. He said there is now no available funds for completing the repairs.

Curtin said the gas company stands ready to live up to its contract with the city of Lima, and will furnish as much natural gas as can be obtained from the "E" fields.

There was reported to be a noticeable shortage Thursday forenoon. The gauge in the mayor's office showed a pressure varying from 1-2 to 2 ounces during the forenoon.

MARRIAGE LICENSES
Franklin Cobb, 25, dairyman, Toledo, and Ho E. Becker, 25, bookkeeper, 127 N. West-st.

Leonard R. Beeson, 31, chemist, 1055 State-st. and Mary E. Heller, 21, typist, 218 N. Washington.

CHILDREN GIVEN ESTATE
The estate of Mrs. Clarissa Stockler, late of 1004 W. High-st., who died August 26, amounted to \$700 in personal property, according to terms of her will. She divided the amount equally between her nine children.

WIFE GETS PROPERTY
Scott F. Rumbaugh, Shawnee, Ind., who died August 19, left his entire property to his widow, Mrs. Rachel M. Rumbaugh, and named her executrix, by the terms of his will, probated Thursday in court. The estate consists of \$1,000 in personal property and \$800 in real estate.

CUT THIS OUT—IT IS WORTH MONEY
Cut out this slip, enclose with 5c and mail it to Teles & Co., 2525 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a trial package containing Foley's Kidney and Bladder Tablets, a whole-some and thoroughly cleansing cathartic for constipation, biliousness, headache, and other ailments of the stomach and bowels.

DAYTON PAIR IS GIVEN FINE

Plead Guilty to Statutory Charge in Lima Court

Grover C. Murray, 35, Dayton, garage man and Mary Anna Thompson, 37, Dayton, were each fined \$50 in criminal court Thursday morning after pleading guilty to statutory charges placed against them by Murray's wife, Mrs. Maude C. Murray.

The couple were arrested Thursday morning by Plainclothesmen Reed and Billstone. Murray was taken at a garage on W. Market-st. and the woman was later arrested at a lodging house on N. West-st.

After the couple were fined here, they were released to Deputy Sheriff Charles Bergmann, who left with them for Dayton, where they will face a new set of charges, according to police.

In addition to statutory charges, Murray will be charged with desertion of a wife and two minor children, aged 11 and 13, police stated. Murray's wife, accompanied by Deputy Sheriff Bergmann arrived in Lima Thursday morning with information which led to the arrests, according to police.

MEN AND MATTERS

Announcement was made Thursday of the change in boundaries of Ward 5, Precinct G, as follows:

North, bounded by the Erie R. R., South, by the corporation line; East, by the corporation line; West, by Florence-ave and St. Johns-ave.

Invitations have been sent out by The Wheatley Co., security dealers, for the opening of the concern's new offices on the second floor of the Citizens building, Saturday. The hours announced are 2 to 4 and 7 to 9 p. m.

CHILDREN GIVEN ESTATE
The estate of Mrs. Clarissa Stockler, late of 1004 W. High-st., who died August 26, amounted to \$700 in personal property, according to terms of her will. She divided the amount equally between her nine children.

WIFE GETS PROPERTY
Scott F. Rumbaugh, Shawnee, Ind., who died August 19, left his entire property to his widow, Mrs. Rachel M. Rumbaugh, and named her executrix, by the terms of his will, probated Thursday in court. The estate consists of \$1,000 in personal property and \$800 in real estate.

CUT THIS OUT—IT IS WORTH MONEY
Cut out this slip, enclose with 5c and mail it to Teles & Co., 2525 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a trial package containing Foley's Kidney and Bladder Tablets, a whole-some and thoroughly cleansing cathartic for constipation, biliousness, headache, and other ailments of the stomach and bowels.

CHILD IS TAKEN FROM MOTHER, GIVEN TO FATHER

Probate Judge F. C. Becker took Evelyn Miller, small daughter of Mrs. Lulu May Miller, 623 E. Market-st. and of Zed. I. Miller, from the custody of the mother and gave her into the hands of the father, Thursday.

Miller instituted habeas corpus proceedings in court to secure custody of his child, whom he claimed, was being forcibly detained by her mother.

Mrs. Miller sued for divorce last winter. When the case was decided, the custody of the child was given to the father.

Mrs. Miller has succeeded in having the case re-docketed and is a hearing before common pleas court, will endeavor to secure custody of her child.

AFFECTS GARAGES

New State Law May Necessitate Changes in Buildings

A new state law which went into effect July 1 may require a number of Lima garages to be remodeled extensively, according to Mayor Burkhardt.

The mayor received a copy of the law from the state industrial commission. He declared it affected mainly garages of wooden construction which would be a fire menace.

The mayor declared that in the absence of a building inspector, he would turn the matter over to Chief John Mack of the fire department, who will make a thorough inspection of garages thruout the city.

Cured His Rupture
I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I refused. There was no operation. I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 315 E. Maryland-ave., Lima, Ohio. Write to me. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Anna Case Gives Her Endorsement to Nerv-Worth

Says She Can Recommend This Famous Preparation To All Who Suffer From Nervous or Stomach Troubles.

"I was so nervous and my stomach was so bad," she writes from her home, 210 17th St., Ashland, Ky. "and I was all run down in health. I couldn't rest at night. After taking 3 bottles of Nerv-Worth, I found your medicines relieved me of that tired and run down feeling from which I suffered for several years. I am feeling so much better that I can say to the public that Nerv-Worth will certainly relieve all ailments of stomach and bowels."

nervousness that humanity is subject to. I can recommend the tonic to all sufferers. Nothing needs to be added to the above statement to make it emphatic. The statement in itself tells the wonderful story of actual results obtained in an individual case. If you suffer from nervousness or stomach trouble, give Nerv-Worth a trial. If your first trial bottle does not help you, your druggist will refund your money. Be sure that you get the genuine Nerv-Worth in the large round bottle. Price \$1.25 plus tax. You will finally come to Nerv-Worth for results. Why not start now? Sold by Butler's, The Central, Evered's, Hunter's and all leading druggists everywhere—Adv.

LEAGUE WILL SAVE CASH SAYS COX

Advocates Better Houses, Roads, Fewer Battleships

URGES LAND RECLAMATION

Governor Closing Two-Day Tour of Montana

HELENA, Mont., (By Associated Press).—Arguments in behalf of the league of nations adapted to affairs of the west were presented here Thursday by Governor James M. Cox, Democratic presidential candidate. He outlined what he declared were practical material benefits to flow from the league.

"It has recently been figured," said the governor, "that the cost of one battleship would reclaim two million acres of land."

BATTLESHIP COST
"Multiply this by forty-eight, the number of states, adopting the plan of one battleship for each state, and you have a staggering total, and, if properly applied, the answer to the problem of housing in our cities, the answer to the question of increased production for sustenance of human life. The expenditure required in total would reclaim 150,000 square miles of waste. It would build ten permanent paved arteries entirely across the United States."

"Think of this in terms of reclamation of arid and waste lands, if you will, and think what it would mean to have one million men, exclusive of thousands required in shipyards and ammunition plants, turn their activities to the production of the necessities of life, rather than to employment in the creation of agencies for the destruction of life."

DISCUSSES RECLAMATION

The governor's speech here, after a few days' tour of the state, on route, opened the final day of his Montana campaign. He came here from Great Falls and was scheduled to speak late today at Anaconda and at Butte tonight. In discussing reclamation, the governor also declared against "out present ill-considered system of reclamation projects."

"What we need," he added, "is a definite program fitted into a definite business administration and a program adopted by which each year, there will be added for a public use, a definite number of acres, under such provisions as will mean the early enlargement of reclaimed acreage and production."

WISH COMES TRUE;

DIES WITH HUSBAND

MCNCIE, Mo., Sept. 8.—Surrounded by consulting friends, dressed for the funeral of her husband, which was to have been held in the village church thirty minutes later, and just after she had expressed regret that her wish to die with him had not come true, Mrs. Rebecca Besser, of Roverton, sat back in her chair and died before aid could be summoned.

A messenger was sent to the church and the funeral of Frederick F. Besser, the husband, was postponed and the double funeral of the man and woman was held twenty-four hours later, when Mrs. Besser, who was seventy-two, directed the affairs of her household and preparations for her husband's funeral until the hour of her death.

HE COULDN'T REMEMBER

HIS SWEETHEART'S NAME

COALTON, Okla., Sept. 8.—Making errors in his bride-to-be's first name proved no bar to J. C. Coughlin, thirty, obtaining the "girl of his choice." After having obtained six marriage licenses only to find that his memory had played him a trick each time, Coughlin wrote the name on a piece of paper, pinned it to his coat lapel and secured "life sentence" certificate lucky number seven.

The family upon which Coughlin's affections centered—four by name—included three daughters. His trouble was that he failed to remember whether it was Ethel, Fannie or Mabel when he arrived at the county judge's office on the six successive occasions.

SOMETHING NEW COMING

IN CANS FOR SARINES

BOSTON.—Representatives of local sardine companies who have retained from the Maine sardine canneries districts state that owing to the tin can shortage, an innovation is coming in sardine cans. This year for the first time, they say, Maine canners of the "tasty little fishes" are to use other than the familiar small oblong cans for sardines. They will use both the round salmon cans and the large oblong cans in which kippered herring have heretofore been put up.

The 1929 sardine yield, they announce, will be a large one, but much of it is likely to go to waste unless more cans are forthcoming.

CURSED UNBORN CHILD.

CHICAGO MOTHER CHARGES

CHICAGO.—A father's curse on his unborn child, the principal allegation cited in a divorce case in Chicago, Henry L. Heriz, former State Treasurer, Coroner of Cook County and International Revenue collector for the Chicago district, is the defendant in the action. "That her husband pronounced the curse that 'the child, if born, would be brought into the world without legs or arms,' in the claim of Mrs. Heriz, who tells a lurid story of the alleged cruelties inflicted upon her. However, the child was born unaffected by her father's unseemly wish."

DR. BLACKWELL HAPPY;

BOOSTED SUFFRAGE IN 1855

NEW YORK.—Dr. Antonietta Brown Blackwell, ninety-five years old, pastor emerita of the All Souls' Unitarian church, Elizabeth, N. J., when told that the Tennessee Legislature had ratified the nineteenth amendment granting women the right to vote, declared:

"This is the happiest moment of my life. I know now that before I die I will be able to go to the polls and vote."

In 1858 Dr. Blackwell toured the United States aiding Susan B. Anthony in her campaign advocating woman suffrage. From 1855 to 1870, she was minister of the Congregational church at Butler, N. Y., her first charge after being ordained to the ministry.

ROOSEVELT CONFERS WITH MRS. BASS AT DEMOCRATIC NATIONAL HEAD-QUARTERS

Franklin D. Roosevelt and Mrs. George Bass in conference at Democratic national headquarters in New York.

PREACHER SAYS IMPOSSIBLE TO "KEEP SEAL-SKIN FAMILY ON A MUSKRAT INCOME"

OMAHA, Neb., Sept. 8.—Retirement of preachers from the ministry because their pay is poor was deplored by Bishop W. F. McDowell, of Washington, D. C., addressing a conference of Methodist ministers of Nebraska, here Thursday.

Bishop McDowell said he had heard one minister say he was retiring because he could not "keep a seal-skin family on a muskrat income," and declared that too many were getting out of the ministry for that reason.

SUIT FILED TO PREVENT PROHIBITION REFERENDUM

COLUMBUS.—Suit to prevent Secretary of State Smith from putting the referendum on the Crabbe prohibition enforcement act on the ballot November 4, was filed here Saturday by George Hawke, Cincinnati attorney.

There are 50,000 names on the referendum petitions, but a sufficient number, Hawke charges, have not followed legal requirements. Referendum petitions require names of 50,000.

Hawke asks a temporary injunction, and permanent order on hearing.

BOY IS DROWNED

SAILING TOY BOAT

DUBUQUE, Ia.—Sailing a toy boat in a water tank proved fatal to William Benson, five, of this place.

Reaching over the side of the tank to remove the boat, the child fell into the water and was drowned. His screams for help being unheard by his mother, who was taking an afternoon nap in an upstairs room. The child's body was found in the tank following a fruitless search of the premises.

FRANKLIN D. ROOSEVELT RETURNED FROM HIS STRENUOUS CAMPAIGN THRU THE FAR WEST APPARENTLY AS FRESH AS ON THE DAY HE STARTED, AND PLUNGED INTO WORK AT DEMOCRATIC NATIONAL HEADQUARTERS IN NEW YORK CITY.

He is shown here in conference with Mrs. George Bass of Chicago, chairman of the women's section of the Democratic national committee. Mrs. Bass, as the photo reveals, is one of those thoroughly modern women who make no special effort to keep their dainty ankles covered.

Michigan Convict Allowed Vacation To Visit Home

PORT HURON, Mich., Sept. 8.—"Good day, chief, how are you?" said Thomas Hoffman, convict at the Marquette penitentiary, as he walked into police headquarters here and shook hands with Chief of Police Chambliss.

The chief answered that he was "pretty well, but I thought you were in Marquette."

"Well, you see, chief, I am and again I am not," said Tom. "Just at present I am on a ten days vacation. I have been a good boy, and the warden said to me, 'Tom, your mother is ill in Cleveland and you had better go and see her. I am on my way there now and will be back in ten days or so.'"

Hoffman was sent to the penitentiary from here three years ago, convicted of forgery. His sentence was from five to ten years. Local authorities are interesting themselves in securing a parole for him, as his conduct at the prison has been exceptional and he says he "will go straight."

He was given permission to make the trip to prison alone.

Villa is now in retirement with all his officers, guns, ammunition and horses. Any time he needs his army, he can get it by hoisting a flag over the hideaway.

CRABBE PROHIBITION ACT WILL GO ON BALLOT AT ELECTION

COLUMBUS.—Arguments for and against the Crabbe prohibition act, the last of the series and the one providing state enforcement of the dry laws, were filed late Wednesday with Secretary of State Smith.

Arguments against the act were submitted by G. H. Myer, Graham P. Hunt and Eugene Heim, Cincinnati, representing the Ohio Home Rule Association. The brief for the statute was filed by J. A. Tate, A. Mayhew, F. M. Anderson, L. J. Taber, and F. L. Gilliam, "dry" leaders.

Ignoring of the Crabbe and Miller bills of 1919 by both sides, is taken to mean they expect Smith to keep these measures off the referendum ballot and that the public will vote only on the Crabbe bill enacted last January.

EXPLOSION ABOARD STEAMER KILLS THREE

CLEVELAND.—A steamship Empire City, bound for New York, was today hit by the port side of the boiler house blown off, the result of a boiler tube explosion Wednesday night which caused the death of three men.

Anthony Cobb, New York and F. J. O'Neill of Chicago were killed instantly. Harry Cover of Cleveland died in a hospital from wounds.

The Empire City is a sister ship of the Superior City, recently lost with twenty-nine lives twenty miles west of Saint Ste Marie.

WINTER SCHEDULE

Ohio Electric Will Make Change On September 26

The Ohio Electric railway will inaugurate their winter interurban schedule on Sunday, September 26, according to announcement made Thursday by Claude C. East, superintendent of transportation.

While the schedule has not yet been completed, it is said it will not so materially differ from that in force at the present time. Due announcement will be made. Superintendent East said, of all changes of cars and removal of any trains. At the same time there will be a new sing-up of the men, those in long service of the company being given priority of runs, as in past years.

SCENIC ALPS MEAN MONEY TO FRANCE

PARIS, (By Associated Press).—The rich valleys beyond the mountains meant wealth to Bonaparte—the scenery and the water power of the Alpine barrier itself spells wealth to modern France.

The scenic value of the Alps has long brought riches to France. The growing exploitation of winter sports in the mountains is adding to the summer income. And now, short of coal, France is again turning to her mountains for aid. America developed her water power first and began to exploit her scenery in France the reverse is true.

The glacial rivers which abandon in the French Alps are being harnessed. Torrents are being brought in huge pipe lines down the sides of the mountains and even thru them by tunnels until the traveler, amazed at the stream of water spouting out of solid rock, begins to wonder if Moses didn't lead the children of Israel thru the French Alps instead of thru Sinai.

Already in the United States the French have the only steel mill in Europe operated entirely by hydro-electric power. Factories for the manufacture of automobiles and other products are scattered along the rivers. Only a beginning has been made, but that beginning is being followed up. "White coal," as the French term water power, bids fair to solve the fuel problem of France.

HEALTH HABITS OF PRESIDENTIAL NOMINEES TO BE PUBLISHED

COLUMBUS.—For the first time in American politics the health habits of presidential candidates are to be made known to the country.

Governor Cox has just submitted to a complete medical and physical examination, it has been learned here, and all the facts of his health status are to be made public as soon as the data taken has been checked and verified and the reports ready.

The examination was made at the health expert, Dr. William Brady of Buffalo, N. Y. Dr. Brady has gone to Marion to look health topics with Senator Harding.

Didn't Know She Was Coming To Wed

NEW YORK.—Nobody told Mrs. Johanna Hendwill, a comely young widow, when she left her home in the tulip fields of Holland that she was coming to America to become the wife of Jacobus Noens, a prosperous citizen of Mishawaka, Ind., and that was the beginning of this comedy of errors made tragic by the death of the widow for a fortnight on Ellis Island.

When the young widow arrived on the steamship Noordam in August, bringing with her a little child by her former marriage, she was detained as liable to become a public charge. She gave testimony before a board of special inquiry that she had come to America to join her sister, who lives in Mishawaka.

"Do you know a man by the name of Jacobus Noens?" asked one of the inspectors.

"Yes, he is my sister's husband," said the widow.

The inspectors were amazed at this for they had affidavits from Jacobus Noens, forwarded from Mishawaka, that he intended to marry Mrs. Hendwill. When this was explained to her, Mrs. Hendwill was more amazed than the immigration inspectors.

"Why I haven't come here to marry anybody," she said. "The only man of the name of Noens I ever knew of is my sister's husband and there in Indiana. There's some terrible mistake."

But "out there in Indiana" Jacobus Noens wasn't aware of any mistake, and he sent a notary public and lawyer all the way to New York to get his bride released. Immigration officials don't release brides to violent hideaways, and particularly did they balk at the lawyer's proposition, for Mrs. Hendwill still said she knew of no bridegroom waiting for her in this "home of the brave."

The lawyer was sent back to Indiana with instructions to send the bride to the man of the name of Noens, or the woman must be deported back to Holland.

Finally Jacobus Noens arrived at Ellis Island and all was explained.

"I am the brother of Paul Noens, and Paul is the one who is married to this woman's sister," he said. "I have heard my brother and his wife tell for a long time of the unhappiness of Mrs. Hendwill in Holland."

Conferred with them about bringing Mrs. Hendwill over here, and offered to marry her, because I know her sister well and I know she is making my brother's life very happy as his wife. I believed Mrs. Hendwill would make me happy, too. I am more convinced of it now. But I have seen her than I was before."

"I wonder they didn't tell me this before," said the blushing bride-to-be, apologizing for the trouble she had caused the immigration authorities. It was all so confusing, but I won't regret over my detention here now that it is all over with. It will be a happy household, brothers and sisters all married up. But, why didn't somebody tell me I was coming over to be married?"

LIMAITES AT RED CROSS MEET

Six Workers Attend Division Conference at Cincinnati

A complete health center will be one of the special attractions at the chapter conference of the Lake Division Red Cross which opened Thursday morning at the Hotel Sinton, Cincinnati. Lima delegates to the conference representing Allen chapter included R. J. Plate, who will represent the chapter official, Mrs. R. E. Hughson of Delphos, and Mrs. J. R. Welsh the chapter branches; Mrs. Irene Mills Jackson, the home service; Mrs. Frank E. Mead, the Juniors and Mrs. Lena B. Davis the chapter's general activities. Lima delegates will arrange to have the health center exhibit brought to Lima that the local public may get an idea of the tremendous good the organization is doing.

Cincinnati Chapter has planned a model Child Welfare Clinic during the conference. The Teaching Clinic is also to have a model demonstration. Representatives of every Lake division chapter are expected to attend. The meeting is planned to inspire and encourage the chapters and branches which are active in peace time work. They will also arrange to give definite help to those which may need assistance in carrying out projected enterprises.

CROSSING MISHAPS KILL 1,000. HURT 3,000 IN YEAR
CHICAGO, Ill., Sept. 8.—A thousand people killed and three thousand injured.

That is the annual toll of automobile accidents at railroad grade crossings, as shown by the report of the National Safety Council. It has been estimated that a third of the fatalities are avoidable, but nevertheless this is the average each year for such fatalities.

Auto accident, it is pointed out, are increasing in almost mathematical ratio to the increase in automobiles. A decline in the number of fatalities with more vigorous precautions is believed to be the only solution to the serious problem.

Positions Open in Bluem's Store

We have several openings for good, substantial clerks—for those who have had experience.

There is one opening in the Waists and Skirts of the Ready to Wear Department that is especially attractive. An experienced Corsetmaker is wanted for our corset department.

On the first floor there are some openings to be filled before the fall season begins.

There are other openings and if you are interested, and have had experience there is an opportunity for you at Bluem's.

PENALTY OF CARELESSNESS.

FOR the most part fires that destroy property and lives or at least endanger the latter, are due to human carelessness. Do you know that 29 human lives were snuffed out in the state of Ohio alone during the month of August, thru fire fatalities? That is the record of the office of the state fire marshal at Columbus. Pitiful as it is, the casualties included 10 babies. The others were 18 youths and middle-aged persons and one aged person.

In addition to this 33 persons were injured during the past month by various forms of fire accidents, the list including three children, 28 grown persons and two aged persons. And note this horrible record. Since January 1, 1920, a total of 247 persons were burned to death in Ohio and 396 were injured by fire in a manner that necessitated report being made to the office of the state fire marshal. The record for August shows an increase of 15 in number of deaths, 14 casualties having occurred in this state from fire in August of 1919. Thirty-six cases of injury were reported for that month last year, only three more than during the same month this year.

Ninety-five per cent of these accidents were preventable, the records of the office of the state fire marshal show. Causes of the 29 deaths are tabulated as follows: From gasoline, 8; lightning, 6; electric wires, 5; bonfires, 2; oil explosion, 2; steel furnace explosion, 1; alcohol explosion, 1; heart disease superinduced by fire, 1; open fire, 1; open light (candle), 1; playing with fire, 1.

Gasoline, hot metal, matches, burned in rescue work, skillet fire, open light and paraffin, gas explosion, gas well explosion, stove explosion, phosphorous, dynamite, lantern, scalded, electric wires, etc., are noted as the causes of serious injuries.

Possibly, save and except fires and deaths or injury that result from lightning, destruction of property and life or damage to property or injury to persons are attributable to carelessness. During the month of July there were 239 fires in Ohio, with a property loss of \$785,323, an increase of \$165,076 in loss, but a decrease of 132 in number of fires compared with July, 1919.

State officials and city and village fire chiefs plead constantly for the exercise of care and caution against fire, but the loss of life and property goes on.

CONGRESSIONAL RECORD

REFERENCE by Bainbridge Colby, Secretary of State, in the national Democratic convention in San Francisco, to the Congressional Record as "the best unread paper in the United States," brings to the fore very pertinent facts concerning the publication that is supposed to be a correct reflection of the activities of the national law making body in Washington.

Before the San Francisco convention, one of the minority reports presented by William Jennings Bryan, as a member of the resolutions committee was a demand for a national bulletin, a daily newspaper, to present political arguments for all parties, to be sent free to citizens of the United States requesting it. W. J. B.'s plan, rejected so decisively by the delegates, was probably impelled by an acute recollection of the slow old Congressional Record, which isn't altogether a bright and shining page in the history of American national life, when it is considered that the newspapers of the country give the same news in a clear and succinct manner, days before it could possibly be hoped for in the government publication as it struggled along thru the mails.

The Congressional Record is a fine honored institution. It is made the butt of irrelevant jocosity and it has not been altogether decided that it isn't at least partially merited.

AS YOU LIKE IT

PERSONAL PREJUDICES

I don't think all the smart fellows come from the tall grass. Some of them stay there.

I never go to lunch with a Tasmanian. I don't know one.

ABE MARTIN

It's just about got so it's unprofitable to be right. Speaking of 'Villain, who wouldn't surrender for a bottle of cognac?' (Copyright, 1920.)

It may be read carefully by thousands of persons and it may be looked upon by some part of the public as being worth all it costs the government, but it is doubtful. There has been strong agitation in Congress for the discontinuance of the Congressional Record, but it is quite likely that it will be mended instead of being ended. The elimination of long-winded addresses by members of Congress would help some.

During the year 1917 652,511,691 words were printed in the Congressional Record. In 1919 the number was 455,130,150. The cost of paper for the publication in 1917 was \$300,000 for 1918 the cost was \$162,000 and for 1919 \$130,000. The total cost of the Record last year was \$537,000. The saving noted in paper, despite the fact that the cost was steadily upward, was brought about by reducing the number of copies printed and cutting down the number of pages.

A WIFE'S DEVOTION

AN unusual example of devotion came to attention Tuesday in Allen Co. Common Pleas court when a bride of less than a month paid over for her husband's former wife the sum of \$200 to be employed for the support of children of his first marriage. She made this sacrifice for the purpose of securing the release of her husband from jail.

The news column tells the story. Merton Weaver, cigarmaker, was divorced from Ina Weaver. They had two children. Mrs. Weaver remarried. Her name is now Spurr. Weaver also remarried, and neglected to pay alimony ordered by the court when divorced. The sum accumulated until \$200 was unpaid.

Upon a secret indictment, Weaver was arrested in Toledo Saturday and brought to Lima and jailed. Then it was that his second wife, a bride of less than a month, made an unusual sacrifice. She had saved \$100, earned while single from her employment as a cigarmaker. She needed twice that amount to discharge her husband's alimony obligation. Ray Eckler, Toledo, a friend of Mrs. Weaver, turned over \$100 of her savings, earned from her employment as a cigarmaker, probably as a loan to Mrs. Weaver, who promised Judge Klinger that if he would release her husband she would see to it that future alimony payments were met. Mrs. Weaver and Miss Eckler signed Weaver's bond.

Unusual cases come to light almost every day in and about the courts, but this one is exceptional. It opens a question as to how many women, under similar circumstances, would meet such a situation in the manner Mrs. Weaver did. Here is a case of human interest so strikingly different from the ordinary as to impel comment.

The second Mrs. Weaver appears to have a well developed conception of her duties as a wife. And if the husband, for whom she made a sacrifice and a promise as well, does not do his part toward redeeming that promise, he will not deserve further consideration from the court.

MISS LIMA: "So long as 'Dr. Jekyll and Mr. Hyde' and 'Uncle Tom's Cabin' remain with us, the joy of living isn't altogether destroyed."

FIVE YEARS AGO

A man could marry on a salary and hope to escape starvation.

A five-dollar bill looked like a real piece of money.

It was cheaper to live than to die, now both are too expensive.

Professors hadn't appeared to provide a common subject for conversation.

A pain in a toe indicated a corn, now it's a sign of bad teeth.

Coal was sold by the ton instead of by the piece.

A man could buy a suit and a meal ticket out of one month's pay.

WAS HE A REAL ESTATE DEALER, TOO?

"Mrs. Pearl Smith, formerly a waitress in the company's restaurant, testified that last September a man cook pursued her, carrying a live mouse by the tail."—Athens (Ga.) Daily Herald.

"Well done, thou good and faithful servant," means something nowadays, for when a man dies he has been well done by about every profiteer in the country.

Gold has been found in Broad-st. Well, we know a party who lost a lot of it there one time.

WHAT THE STARS PREDICT TODAY

This is a lucky day.

It is a fortunate time for women, whose acts they will meet with success.

It is a lucky wedding day, and romance has the best possible augury.

The seeking of position or promotion will not be attended by success under this rule.

The increase in suicides and mysterious deaths will cause alarm at this time.

Persons whose birthday this is will likely suffer losses from fires this year.

Children born today will be inclined to carelessness and indifference.

(Copyright, 1920.)

HEALTH HINTS

STIMULATION VERSUS WORK

A cigarette fiend is notoriously unreliable and inefficient, wherefore many shrewd employers will not have him around the place.

Accurate physiological and psychological measurements of a number of college students made a few years ago by Dr. Bush of Vermont, clearly proved that the immediate effect of a smoke upon a young man not accustomed to smoking or one habituated is not at all what would be called stimulation. It is rather a dope effect, depression. The effect on the brain and nervous system is inhibition. The young man's response to ordinary demands becomes from ten to twenty-five per cent slower after a smoke than it is when he is not under the influence of tobacco. That amounts to a narcotic influence, and of course we know that tobacco, like alcohol, is narcotic and depressant from first to last, although these drugs are popularly termed "stimulants."

The earlier a boy begins using tobacco the less inclination does he show for participation in wholesome, manly athletics. The confirmed cigarette fiend, or pipe smoker, is a man who is not only a poor worker, but a poor citizen.

Some little kicker, ain't you? Joe'd soon get that out'n you, Blue Eyes.

"It's nothing to you what color my eyes is. You trot along about your business and let decent girls alone. We ain't no use for your kind."

"Here comes Joe now," he exclaimed, as a youth who was his exact counterpart, came into view. He was, if anything, even more the corner-loafer, and disgust kept me silent.

"And here we are at home!" Mary punched my arm to make me keep still, "and our landlady's husband would make you two pieces of cheese look like a spoiled Welsh Rabbit if he ever knew you'd followed us."

She fairly ran up the stairs, and rang the bell. I followed, wondering what she would say when the door opened, while the two stunk off with a nasty look on their faces.

To-morrow—A Waitress.

"You wait and see! But do hurry, Zena, it will be dark before you've finished, then who'll see my waist?"

I hurried my descent, still urging Mary to eat, then we paid our modest check and left. We had gone but a little ways when I saw the young man who had annoyed us at the cafeteria swaggering toward us.

"Good evening, ladies!" He bowed in an exaggerated manner, a smirk on his face, all in his voice. Mary had called his voice "stinky" the first time he talked to us, "I see you have changed your eating place. Do you think Kemp's is as good as the cafeteria?"

"We change restaurants often," I hurried to say, trying to make him understand I would do no good to follow us. I was fearful that Mary would get into an argument with him again, and I had no wish to attract attention. So all the fellow was so repugnant, I had answered civilly.

"Some is like that, they like a chance." He had turned and was slouching along beside Mary, who happened to be on the outside.

"Some wait, you've got on!" His horrid fingers touched her sleeve. "Hands off!" Mary exclaimed, drawing away from him.

"Ah, don't be so touchy! I sup-

pose your steady give that to you. Must have cost him a tenner all right. I know somethin' about women's clothes, you see."

I had taken Mary's arm and was hurrying her along. He turned to me:

"Have you got steady company?" he asked with a leer, which he probably thought ingratiating. I pretended not to notice.

"I'm speakin' to you." He deliberately stopped and stood in front of us, effectually barring any advance.

"Please leave us. We are not the sort of girls you like," I had spoken with all the dignity I could muster, yet my voice trembled, and I knew he saw I was timid.

"You'll find me on the level. I liked your looks the minute I saw you. Your friend ain't so bad neither, in that waist—it's queer what a difference clothes make in a woman, ain't it? My pal wouldn't kick to have her. Come on, we'll hunt him up."

"Oh, shut up! You make me sleepy!" The irrepressible Mary broke in, evidently thinking the conversation had gone far enough to need her assistance.

"Some little kicker, ain't you? Joe'd soon get that out'n you, Blue Eyes."

"It's nothing to you what color my eyes is. You trot along about your business and let decent girls alone. We ain't no use for your kind."

"Here comes Joe now," he exclaimed, as a youth who was his exact counterpart, came into view. He was, if anything, even more the corner-loafer, and disgust kept me silent.

"And here we are at home!" Mary punched my arm to make me keep still, "and our landlady's husband would make you two pieces of cheese look like a spoiled Welsh Rabbit if he ever knew you'd followed us."

She fairly ran up the stairs, and rang the bell. I followed, wondering what she would say when the door opened, while the two stunk off with a nasty look on their faces.

To-morrow—A Waitress.

"You wait and see! But do hurry, Zena, it will be dark before you've finished, then who'll see my waist?"

I hurried my descent, still urging Mary to eat, then we paid our modest check and left. We had gone but a little ways when I saw the young man who had annoyed us at the cafeteria swaggering toward us.

"Good evening, ladies!" He bowed in an exaggerated manner, a smirk on his face, all in his voice. Mary had called his voice "stinky" the first time he talked to us, "I see you have changed your eating place. Do you think Kemp's is as good as the cafeteria?"

HARDING PLEASED OVER TRIP

Senator Satisfied With Reception
Given Him in West

"NOT PERSONAL," HE SAYS

"Vastly More Significant," the
Nominee Declares

ON BOARD SENATOR HARDING'S SPECIAL TRAIN. — (By Associated Press.) — On his way home from his first campaign trip, Senator Harding, the Republican nominee for president, declared himself highly pleased Thursday with his reception by the people of Minnesota, who cheered his speech at St. Paul Wednesday on agricultural issues and greeted him in tumultuous fashion when he rode through the streets of Minneapolis and St. Paul.

What the result might be on the future plans of the nominee was not revealed, but speculation as to the possibility of more extensive departures from front porch was evidenced by expressions of satisfaction from two of the principal figures in management of his campaign, Senator Harry S. New, of Ind., head of the party's speakers' bureau, and Harry D. Baugherty, a member of the campaign committee, both of whom are in the senator's party.

"Minnesota, and its splendid twinned cities and the state fair organization," Senator Harding said in a formal statement, "seem to have lived with each other in providing a strenuous, enjoyable, and completely satisfactory day for us. I shall not make the mistake of assuming that the great outpouring of people and the magnificent reception given us was merely a personal tribute. It was more than that, and vastly more significant. It was the testimony that the people of this great state are completely in sympathy with the people of the country in determination to put America once more on the main highway of national progress and then go ahead safely and alone right lines."

"Perhaps the thing that most gratified me was the close attention with which this wonderful audience at the fair grounds listened to a speech that was intended to present a constructive program."

"It was not asked for applause, but a plea for thoughtful consideration of a great national problem. The people's hearty reception proved that they are thinking deeply about real things, and that is all we need to know in order to be certain of the future."

Senator New characterized the day's experiences in the twin cities as a "conscious success," adding: "I have campaigned with every Republican presidential nominee since Blaine, and I never have seen a better day."

Senator Harding's train, which left St. Paul shortly after 11 o'clock Wednesday night, was due to reach Marion late Thursday.

WILL WEAR UNIFORMS TO CUT CLOTHING BILLS

NATRONA, Wyo. — Standardized uniforms for girls and boy students of Natrona's high school will help keep down the high cost of clothing for parents if an edict issued by the local school board is effective.

In a recent order the school board promulgated the following instructions on the apparel to be worn during school sessions:

Girls—Uniforms consisting of a plain white cotton middie, not bloused or belted at the waist, having a regulation sailor collar with not more than three straight rows of narrow white braid thereon. The sleeves shall be long and have not more than three rows of narrow braid. No decorations or colors of any kind are to be permitted. A black tie of reasonable proportions is to be worn. A navy blue serge skirt made plain or plaited with no ornamentation shall be worn. It is provided in the order that during the colder weather, the cotton middie for the girls may be replaced by a navy blue middie, of the same style as the cotton one, with blue or black braid, and be without decorations. The tie for the blue middie will be black or red—"and of reasonable proportions."

RAISINS FROM HOOD BLOCK CHICAGO SEWERS

CHICAGO.—Hood dealers of the home variety are seriously interfering with sanitation conditions in Chicago, according to Street Commissioner Sterling. The Commissioner made the statement after finding East Chicago sewers blocked with raisins used in the manufacture of home brew. He claims that it is the twelfth time in the last few months that raisins—minus their kick—have clogged the drainage system.

WATSON WINS IN GEORGIA

Opponent to Nation League
Nominated for Senator

SMITH POLLS SMALL VOTE

Wet Advocate Among Defeated
in Democratic Primary

ATLANTA, Ga. — (By Associated Press.) — Incomplete returns from Wednesday's state-wide Democratic primary, compiled Thursday by newspapers, indicated that Thomas B. Watson, publisher and once Populist candidate for president, had been nominated for United States senator from Georgia.

During the campaign Watson was outspoken in his opposition to the league of nations and in his criticism of the Wilson administration.

Watson's opponents were Senator Hoke Smith, who was seeking re-election; Governor Dorsey and John R. Cooper, a Macon attorney. Senator Smith's opponents cited his vote for the Lodge reservations in their fight to prevent his re-election. Governor Dorsey was said to favor the league covenant with possibly minor reservations. Cooper based his campaign largely on the "wet" plank in his platform.

Out of a total of 388 county unit votes unofficial reports to the Atlanta Constitution from 143 of the 155 counties in the state, gave Watson 223 votes, Dorsey 102; Smith 32, and Cooper none. One hundred and ninety-five votes are necessary for nomination. The Constitution supported Dorsey.

The Atlanta Journal, which supported Smith, announced that its tabulation gave Watson 191 county unit votes, Dorsey 67, and Smith 46. Returns tabulated by newspapers indicated that a second primary

might be necessary to settle the gubernatorial contest, none of the four candidates appearing to have a majority of the county unit votes. Figures compiled by the Constitution showed Clifford Walker, former state attorney general, leading with 178 votes, former United States Senator Thomas W. Hardwick second with 166, John R. Holder third with 12, while W. R. Brown appeared to have none.

The American Legion opposed both Watson and Hardwick during the campaign, denouncing their war records.

On the face of estimates received from eight congressional districts where there were contests the Journal predicted that all representatives seeking renomination had

been successful altho several races were close.

Women did not participate in yesterday's primary under a ruling by a sub-committee of the state Democratic executive committee. The Democratic nomination in Georgia for any office is considered equivalent to election.

BUFFALO, N. Y.—Major Harry S. Green, Marine Corps pa' officer at Quantico, Va., who disappeared last week following report that \$12,000 had been taken, is taken to Washington under guard.

What Does it Do?

What Do You Think it Does?

When you take a tooth brush and put some paste on it and start to rub your teeth, what do you expect that tooth paste to do?

Most any of them will clean your teeth.

Ordinary soap will do that.

You want something else.

You want something that will prevent decay. A tube of Pebecco Tooth Paste will do it for you. Pebecco Tooth Paste checks "Acid-Mouth," and "Acid-Mouth" can cause tooth decay. When you use Pebecco Tooth Paste you know what you are doing, and why.

SOCIETY : CLUBS : PERSONAL

BY MARGARET SIMPSON

Mr. and Mrs. E. T. Mitchell, W. Market-st., will entertain with a beautifully appointed dinner, at the Shawnee Country club Thursday evening for the pleasure of Mr. and Mrs. J. C. Llanosman who will leave soon for California to make their future home. The guests will be seated at two long tables arranged in the living room with the center space filled with palms. Rose trees ranged at intervals and blue cathedral candles with a base of blue tulle in crystal holders added to the attractiveness of the setting.

A trio with Miss K. Thorne Gramin at the harp; Mrs. Gale Dunham, violinist; and Mrs. Andrew Diamond, cellist, played during the dinner and through the evening.

Guests included: Mr. and Mrs. Charles Clark, Jr., Blackbar, Mr. and Mrs. W. L. Parmenter, Mr. and Mrs. A. W. Wheatley, Mr. and Mrs. F. T. Curdett, Mr. and Mrs. L. E. White, Mrs. C. Luffkin, Mr. and Mrs. W. L. MacKenzie, Mr. and Mrs. O. B. Selfridge, Mr. and Mrs. Clair Tolau, Mr. and Mrs. V. A. Campbell, Mr. and Mrs. W. L. Russell, Mr. and Mrs. R. L. Bates, Edward Mair, Miss Frances Mair, Mr. and Mrs. E. Williams, Mr. and Mrs. A. H. Herbert, Mr. and Mrs. R. D. Rindell, Piqua, Mr. and Mrs. Llanosman.

A number of Lima people attended the annual dinner given by the congregation of St. Anthony's Catholic church at Columbus Grove, Ohio Wednesday evening at the City Hall in that town.

Among those who attended from here were: Mr. and Mrs. Clarence Stechshulte, Mrs. Vincent Connelly, Mrs. Matthew McNamara, Mrs. Mary McNamara, Mrs. William J. McNamara, Mrs. Thomas McNamara, Mrs. Mary McNamara, Mrs. Maurice Polry, Mrs. Mary Gorman, Charles Gorman, Mr. and Mrs. Joseph Gorman, Mr. and Mrs. L. J. Hanley, Kathleen, Walter and James Hanley, Mr. and Mrs. John Mahmeister and guests, Mr. William Arnold and daughter, Rosemary, Fremont, Jack Karske, Miss Mary Ellen and Anna Shanahan, Alfred Toomey, Mr. John McNamara, Mrs. James McNamara.

Miss Edith Laughlin, W. Market-st., welcomed 25 intimate friends at her home Thursday afternoon to meet her house guest, Miss Ann Daugherty, Pittsburg, Pa. Huge baskets of old-fashioned garden flowers were arranged about the rooms of the Laughlin home, the predominant color scheme of pink and blue being carried out effectively. At 5 o'clock a delicious tea was served.

Miss Laughlin and Miss Daugherty were room mates at the Margaret Morrissey division of the Carnegie School of Technology.

The eighteen hole handicap golf match played by the women members of the Shawnee Country club was won by Mrs. John M. Boose. The silver pencil played about 150 yds. by Mrs. Marshall S. Thompson. A large number of women participated in the match.

Following the play golfers enjoyed a delicious luncheon.

The Junior High School of the Market-st. Presbyterian church will meet Saturday afternoon at 2:30 o'clock at the church. Miss Catherine Greenslade will have charge of the story hour introducing the new text book "Lampbrushes Across the Sea" by Margaret T. Applegarth.

Miss Dorothy Hunter and Miss Hope Hollister are entertaining the members of the Delta Phi Kappa sorority with a farewell party Thursday evening for the pleasure of the members who are leaving soon for college.

Mr. and Mrs. E. C. Poling, Maryfield, and Mr. and Mrs. Vanan D. Poling, Toledo, are the guests of their parents, Mr. and Mrs. R. W. Poling, 356 S. Pine-st.

Mr. and Mrs. Myers Feiser, Cleveland and Mr. and Mrs. David Novak, Bluefield, W. Va., are the guests of Mr. and Mrs. W. J. Feiser, W. North-st.

Mrs. William Alwood and daughter, Mrs. Rosemary, Fremont, are the guests of Mrs. Alwood's sister, Mrs. John Mahmeister, N. Elizabeth-st.

Clinton Sprague has returned after a two week visit with his daughter, Mrs. Clarence Zarnmehly, Fayette-ave.

Zelma Jane Zarnmehly and William Taylor have returned from Cleveland after a pleasant visit with Mr. and Mrs. Lewis Baily.

Mr. and Mrs. Henry Deisel Sr. and Henry Deisel, Jr. have returned from Cleveland, where they were the guests of Mr. and Mrs. Lynn Timmerman.

Miss Mabel West returned to her home in Wilmington on Friday, after visiting here with her sister, Mrs. Roy B. Gregg, S. Cole-st.

Mrs. Matthew McNamara, N. Main-st. has returned home after an extended visit at Hot Springs, Tulsa, Okla., and other points in the southwest.

Mrs. Lora Keating, E. High-st., has returned from Oakland and Los Angeles, Cal., where she has been spending the past two months.

Mrs. O. Bliss and daughter, Miss Olive, W. Market-st., have returned from Denver, Colo., where they have been spending the past month.

Mr. and Mrs. Martin Cullen, E. Locust-st., are entertaining their son, Jack Cullen, Mansfield.

Mr. and Mrs. A. C. Calabrese, N. Saxton-st., are home from a motor trip to Cincinnati and Dayton.

S. P. Ross, Cleveland, was the guest of friends here for several days.

Miss Bertha Blossom, of Colina, is visiting Mrs. Mary Cretcher and daughters for a few days.

Rail E. Grubbs, of Greenville, visited friends here Wednesday night.

OFF-THE-FACE HAT
IN AUTUMN SHAPES

By ELOISE.

The off-the-face type of hat still prevails and the new fall models show many pretty effects with pleated facings on the upturned brims. There is also a tendency to vary and modify the usual off-the-face style.

The prevailing shape, generally speaking, features a rolled brim which turns up rather abruptly in the front.

Here are two pretty hats showing the newest tendencies of the season. The one above is fashioned of Egyptian blue satin in the pleated style. The crown is rather high and the brim turns up sharply in the front and is much wider in the front than in the back. Nail trimming in gold finishes the edge of the brim.

A larger hat of French blue velvet with a brim of black velvet is the hat below. The crown and underbrim facing are pleated, but the almost square in shape and rolls slightly. A jeweled pin forms the only trimming and gives the hat the popular off-the-face effect by catching the light to the crown directly in the front.

Miss Creta Shuler, E. McKibben-st., has returned from a two month visit with her sister and brother-in-law, Mr. and Mrs. Walter Polter, Ft. Worth, Texas. She was accompanied by Mrs. Polter, who will visit here with her parents, Mr. and Mrs. Col. Shuler.

L. D. Jones, 702 E. Vine-st., was pleasantly surprised at his home by a group of friends. Guests included: Mr. and Mrs. Dean Jones and children, Fabian, Mr. and Mrs. Owen Jones, Mr. and Mrs. T. Finn and Thomas Finn, Jr., Miss Bessie Jones and Roscoe, Andrew and William Jones.

Mrs. D. J. Cable entertained informally the septuaginta of the Y. W. C. A. with a breakfast at her country home "Spring side" Thursday morning. Mrs. Cable is president of the executive board of the Y. W. C. A.

SUSIE SMART SAYS:

Dear Susie Smart: I will soon be sixteen years old. Am I old enough to correspond with boys? I have a boy friend and I like him very much and I know he thinks a lot of me. My folks do not like him and they don't want me to get to like him, but I can't forget him.

Is it wrong for me to correspond in secret by his sister sending letters back and forth in her letters?

Should I allow him to call me names such as "Cutie" and "Sweetie"? I never have had a boy friend I liked any better than him—I really love him.

Y. W. C. A. KNOWING FEW.

You ought to know without writing to me what answer I would give to your question. A secret correspondence with the boy would be wrong and it would also be wrong to let him know of your letters.

It is wrong to go horseback riding with this boy and his sister?

Should I allow him to call me names such as "Cutie" and "Sweetie"? I never have had a boy friend I liked any better than him—I really love him.

"Cutie" and "Sweetie" are such insipid and cheap pet names I should think you would resent them. Besides you are too young to let a boy call you pet names.

Dear Miss Smart. Sometime ago I was introduced to a very handsome and attractive man by a friend of mine. Later I learned he has a wife and four children, and this girl knew it. I no longer go with either of them, but I cannot forget the man.

The same girl introduced him to another of my girl friends, and although I have told her the story she still continues to go about with him, and they act as if they were just married. His wife lives in another city and I feel sure she knows nothing about his conduct. I have talked to the man and the girl, but the answer of both is the same. "There is no harm being done."

His wife is very attractive and his children are beautiful. I would be such a pity for her to find out these things. What is to be done when the conscience of both seems to be dead? They are too wrapped up in each other to even think what might be the consequence.

Isn't the same way to stop it? I know what will be the end if this

SOCIAL CALENDAR

THURSDAY EVENING
Miss Dorothy Hunter and Miss Hope Hollister to entertain the members of the Delta Phi Kappa sorority.

FRIDAY
Child Conservation League, Mrs. Joe Spitzer, afternoon.
South Division of the Ladies Aid society of the Zion Lutheran church, afternoon.

The marriage of Miss Mary Elizabeth Helser, daughter of Mr. and Mrs. Edward Helser, 213 N. Washington-st., to Leonard Richardson Beeson, son of Rev. and Mrs. Thomas Beeson, Mohawk, N. Y., was solemnized at 10:30 o'clock at the Christ Episcopal church with Rev. Kirk B. O'Ferrall. The couple were unattended.

The bride wore a suit of brown velvet trimmed in mink and a modish hat of brown completed her costume. Her corsage bouquet was of bride's roses.

Mr. and Mrs. Beeson left immediately following the ceremony for Mohawk, where they will spend several weeks with Mr. Beeson's parents and visit other points of interest in the East. They will be at home for a short time upon their return at the home of the bride's parents.

Mrs. Charles Kemer, Greenlaw-ave., entertained the members of the Primrose club and a number of guests with an evening of euchre Wednesday for the pleasure of her mother, Mrs. John Kling, Dunkirk, N. Y., the occasion being her birthday anniversary. At the conclusion of the evening of euchre John Moore, E. Razor, Mrs. Dan McSweeney and Mrs. Val Canary held high score. A late hour delicious luncheon was served.

Guests included: Mr. and Mrs. Arnold Van Dyke, Mr. and Mrs. C. Richardson, Mr. and Mrs. L. M. Looker, Mrs. P. Donovan, Miss Cora Baumgardner, Miss Pauline Baumgardner and Ralph Gardner.

Mrs. Perry Rosler delightfully entertained the members of the Primrose club at her home Wednesday afternoon. Euchre was played throughout the afternoon and at the conclusion of the game Mrs. Alta Swift held high score; Mrs. S. H. Ruff second and the consolation prize was awarded to Mrs. Marshall Anspach. Later delicious refreshments were served.

The next meeting of the club will be held with Mrs. Swift, in Delphos.

More than thirty couples enjoyed the dancing party at the Shawnee Country club Wednesday evening. This was the semi-monthly dance and the alto-orchestra orchestra furnished the music for the program of twelve dances. A 10:30 o'clock delicious buffet luncheon was served in the private dining room.

Miss Dorothy Johnson, State-st., is home from Erie, Pa., where she visited with her grandparents, Mr. and Mrs. F. G. Johnson.

Mr. and Mrs. H. H. Roeder, and son, Harold, Cleveland, have returned from a visiting here with Mrs. Carl Bowdell, State-st.

Miss Louise Ackerman, State-st., is home from Sidney, where she visited with friends for several days.

THE FRIEND.

I think that since Mr. Hoppe is intent on dividing beauty into national types he might have confined his list of English beauties to women of the purely English blood. Instead, he has brought two American born girls into the beauty contest. Viscountess (Curzon), the daughter of Mr. and Mrs. John Lavery, also born here.

"I have had much experience in

Miss Dorothy Kleinberger will resume teaching a violin class this fall. A limited number of pupils taken.

WASHINGTON. — (Special) — conducting parties of beautiful young American girls abroad and many of them have come to Washington. I was present with a bevy of pretty girls at the coronation of the recently dethroned Kaiser. I went with another party of young girls and was present at the coronation of Czar Nicholas at Russia.

"I presented a number to Queen Victoria. In all, I have made five trips of this kind. I have had the pleasure of studying Miss America under critical and exacting conditions and I must say with pride that our girls were ranked for their beauty, tact, charm and modesty.

"So carefully did I guard these girls against the flattery so lavishly bestowed upon their fresh, young beauty, that I was frequently compelled to emphasize the fact that they were not in search of husbands and often denied high officials the privilege of making their acquaintance.

"The natural manner, freedom

from affectation, grace and modesty of these American girls were an endless attraction."

NEW SLOGAN FOUND

DELAWARE. — "Baby Ann Must Have the Whitehouse Grounds to Play In." This is the slogan of the "Baby Ann Club of Delaware" formed among supporters of Governor James M. Cox.

The club started with a membership of nearly 400 and is growing. Robert Warren is president; Edward Schweitzer, vice president; Merrick C. Riddle, secretary, and Wm. Gannon, treasurer.

Miss Mary Fair, Rockford, is the guest of Mrs. W. W. Beauchamp, N. Metcalf-st., for several days.

Divine Healing Meeting

Memorial Hall
Friday Evening

On account of the large crowds attending the gospel tent meetings at the corner of South Pierce and Ottawa Streets and the smallness of the tent it has been found necessary to engage the Memorial Hall to accommodate all the people who want to attend. For this reason there will be another divine healing meeting held at Memorial Hall Friday evening, September 10th. A large number of people have been healed by divine power but the names and addresses of a few will suffice to convince people that it is real. All of the following live in the city of Lima: Mrs. Lydia Grider, 3 Reliance-ave. Suffered 17 years from a complication of diseases. Instantly healed. Mrs. Nellie Simmons, N. Jackson St. Rheumatism instantly healed. Mrs. Mary Slem, 679 N. Union St. Rheumatism for 12 years, pronounced incurable, instantly healed. Mrs. Geo. Hutchinson, 112 Fairview Ave. Invalid and crippled for 4 years. Pronounced incurable, instantly healed. Mrs. Clara Rupert, 715 E. Vine St. Blind in one eye for 12 years, received sight instantly. These and many others will give their testimonies Friday evening.

THE TABLE

Champagne Ham is good served hot or later sliced cold. To serve six or more people get a seven-pound ham. Boil about two and one-half hours. Allow to stay in this water over night. The next day take off outer skin of ham and when ready to serve cover the top with cloves, a half cup or more of brown sugar on top and then pour over small bottle of gingerale. Place in oven and allow to roast about one and one-half hours, according to size of ham.

Cauliflower Salad—Wash well a good sized cauliflower and boil in salted water until tender, then drain it thoroughly. Place crisp lettuce leaves on individual dishes, cut cauliflower into small pieces and place on lettuce. Sprinkle with cheese over cauliflower, and over that sprinkle English walnuts.

Potato Pancakes—Two cup cold mashed potatoes, one-half cup flour two-thirds cup milk, three egg yolks, two teaspoons baking powder, salt a pepper to taste. Mix thoroughly and add whites of eggs beaten stiff. Bake on a well greased griddle.

Cornmeal Pancakes—One pint of sour milk or buttermilk, one pint cornmeal, one egg, one teaspoon soda and a little salt. Mix and fry. Cream Puffs—One-half cup butter, one cup boiling water, one cup flour, four eggs. Put butter and water in a sauce pan and place over fire. When mixture boils add flour all at once and stir briskly until mixture leaves side of pan. Cool and add beaten eggs after another, then beat thoroughly. Drop by spoonful on a buttered pan, about two inches apart. Bake in a moderate oven until puffs are firm and crusty. Cool.

Make a small cut with sharp knife filled with custard. Dust tops with powdered sugar. This recipe is simple and never fails if followed carefully.

SALADS.

Brazil Salad — Chopped peaches, apricots or pears (home canned), orange chunks, Brazil nuts or almonds, salt and dash of paprika. Work cheese until smooth, add salt and paprika and nuts which have been blanched and chopped. Fill corners of fruit with cheese mixture and serve with cooked dressing.

Miss Mary Fair, Rockford, is the guest of Mrs. W. W. Beauchamp, N. Metcalf-st., for several days.

HAVE YOU MADE YOUR DREAMS COME TRUE---

ARE YOU THE HEALTHY ATTRACTIVE WOMAN OTHERS ADMIRE?

CHECK YOURSELF UP AND SEE WHERE YOU STAND

Science Now Makes Amazing Discovery of How Any Woman Who Is Nervous, Irritable, Careworn and Run-down May Often Quickly Increase Her Strength and Make Herself Fair, More Lovely Without Cosmetics or Stimulating Drugs.

DO I GET UP REFRESHED? ☒ YES ☐ NO

HAVE I A GOOD APPETITE? ☒ YES ☐ NO

AM I PROPERLY DEVELOPED? ☐ YES ☒ NO

DO I STAND ERECT? ☐ YES ☒ NO

IS MY COMPLEXION CLEAR? ☒ YES ☐ NO

AM I ATTRACTIVE TO OTHERS? ☐ YES ☒ NO

ARE MY EYES BRIGHT? ☒ YES ☐ NO

DO I LOOK CAREWORN? ☒ YES ☐ NO

IS MY HEALTH PERFECT? ☐ YES ☒ NO

By asking yourself the questions listed above you may be astonished to find out how far you are from being in the radiant health, vitality and loveliness which gives such fascinating charm to a woman. This is the way women everywhere are talking about the amazing discovery of VITAMON. VITAMON is a new, powerful, life-giving substance of Nature that builds up the body and restores the vitality of the system.

When you see a woman who never tries to better herself—a woman who has no other interest than remaining in the same old rut and is willing to go through life without ever making her dreams come true, you will always find that the lack of interest and enthusiasm are caused by a lowered vitality and a weakened physical condition. These thousands of women who are really suffering from a lack of vitality, are really suffering from a lack of interest and enthusiasm. They are really suffering from a lack of vitality and a weakened physical condition. They are really suffering from a lack of interest and enthusiasm. They are really suffering from a lack of vitality and a weakened physical condition.

THE ROOM WITH THE TASSELS

By Carolyn Wells

THE PROFESSOR'S EXPERIENCE

But the days passed by, and Dan Peterson was unable to make good his word. Everybody, outside of the immediate household at Black Aspens believed the two mysterious deaths were the result of the murderous intent of one or more human beings, and refused absolutely to consider the spook nonsense offered in explanation by the friends and relatives of the victims.

Meanwhile, there were a few further inexplicable happenings in the old house. Now and then, one or another would notice the odor of prussic acid, or would report a glimpse of a ghostly figure prowling round at night, or tell of hearing low moans at four o'clock in the morning.

But, usually, these were the experiences of only one, and lacking corroboration, could be set down to imagination, which was now especially vivid in all the party. Often Eve or Norma recounted some of these mysteries, but Landon laughed at them and said the girls had been dreaming.

Professor Hardwick experienced no similar illusions, though he longed to do so. Indeed, he really watched and listened, hoping for some message or manifestation from his friend, Gifford Bruce. But none was vouchsafed to him, and the interest in the experiences of the others, he still longed for a personal experience.

And finally one came to him. At four o'clock one morning, he lay awake, as often, listening to the strokes of the hall clock, which none of them could ever hear without a thrill, and slowly in at his bedroom door floated a dim, ghostly shape.

There was not sufficient light for him to discern more than the outline of what seemed to be a tall, gaunt figure, with shawl over its head. Nearer to him the thing came, and the old Professor felt himself grow cold with fear. He had often boasted of his desire to see the ghost, and of his scorn of fear in connection therewith. But now, that the specter had really appeared to him, the old man trembled all over, and tried vainly to cry out.

His throat contracted, his tongue was powerless, and a sort of paralysis of terror held him in thrall. The approaching figure seemed not to walk, but progressed by a strange gliding motion, and came within a foot or two of the bed, where the Professor lay, shivering with dread.

Still but a mistyraith, the awful thing looked at the prostrate man and as the head drew near, Professor Hardwick saw dimly the face of his visitor, and it was a skull!

The screams of the hollow-eyes, and grinning, fleshless jaws, gave a sudden strength to the frightened man, and he uttered a faint, terrified scream.

Slowly the specter raised a long, white-draped arm, and Hardwick saw a small glass tumbler in front of his face. Only for an instant, and then the phantom faded away, and vanished into space.

Again the Professor called out, and his faint footsteps were heard in the hall.

"What was away in Boston, and Rudolph have had gone to New York, to the only other man in the house was Landon, who came hastily to the Professor's door in his dressing-gown and slippers.

"What is it?" he asked, "did you call?" "Are you ill?"

"The ghost!" the old man articulated with difficulty.

"Nonsense!" said Landon. "You've been dreaming. Where's a ghost? I just came along the corridor, and I didn't see any."

"Don't tell me I didn't see it," babbled the Professor. "I did, Wynne, as plain as I see you now."

Landon had brought his own bedroom candle, and by its scant light he scanned the old man's face.

"You're all right, Professor," he said, kindly. "Guess I'll give you a nipchop and send you back to sleep again, it's only four or so."

I saw that awful thing come stalking in—and—and it had a death's head under that white shawl!"

"Hold on, there, Professor, if that's the ghost—"

"Nonsense!" said Landon. "You've been dreaming. Where's a ghost? I just came along the corridor, and I didn't see any."

"Don't tell me I didn't see it," babbled the Professor. "I did, Wynne, as plain as I see you now."

Landon had brought his own bedroom candle, and by its scant light he scanned the old man's face.

"You're all right, Professor," he said, kindly. "Guess I'll give you a nipchop and send you back to sleep again, it's only four or so."

I saw that awful thing come stalking in—and—and it had a death's head under that white shawl!"

"Hold on, there, Professor, if that's the ghost—"

"Nonsense!" said Landon. "You've been dreaming. Where's a ghost? I just came along the corridor, and I didn't see any."

"Don't tell me I didn't see it," babbled the Professor. "I did, Wynne, as plain as I see you now."

"You're all right, Professor," he said, kindly. "Guess I'll give you a nipchop and send you back to sleep again, it's only four or so."

I saw that awful thing come stalking in—and—and it had a death's head under that white shawl!"

"Hold on, there, Professor, if that's the ghost—"

"Nonsense!" said Landon. "You've been dreaming. Where's a ghost? I just came along the corridor, and I didn't see any."

have been concealed in the house all night."

"No, and if he had, how could he have got out? All the doors and windows are locked on the inside just as they've been all night. He couldn't lock them behind him."

"Thorpe could let him in and out, if he wanted to."

"Into the back part of the house. But Thorpe himself can't get into the main house, the rooms that we use after I lock the doors between."

"Come, now, Professor, you know all that as well as I do. Either you dreamed your ghost, or it's the real thing, this time. Take your choice."

Landon was so cheerful and took the thing so lightly, that Hardwick began to feel more at ease, and recounted his story in further detail.

"It was the real thing," he concluded. "I wish Rudolph or Mr. Tracy had been here. They sleep in this wing, and they would have come to me more quickly than you did, Wynne."

"I came the moment I heard you call, at least, as soon as I could slip into a bathrobe."

"I know you did, and it wouldn't have mattered. That thing didn't walk away down the corridor, you know, it just faded away—vanished into the air. I could see it—"

"How could you, with no light?"

"I don't know how I did, it wasn't exactly luminous, and yet it gave out a very faint glow, enough for me to see it, anyhow. O, I shall never forget its awful grin!"

(To Be Continued)

DIARY OF AN ENGAGED GIRL

By Phyllis Phillips

LINDSEY HEARS FROM HER FIANCE AND MAKES A NEW MALE FRIEND

Had several letters today from America. Two from my boy, and they made me feel so happy. He is well and working hard, and making plans and lots of money for "his little bird," as he calls me! And he reminded me that all the beauties that I was so busy seeing over here now would be as nothing compared to what he is going to show me, in the heat of the Rocky mountains on our honeymoon. Nothing to beat the scenery that I came thru on my way here, darling," he wrote "and as for sunsets and rainbows (the two things that I had raved about from here in my last letters to him), well, if you can find anything to make you weep with wonder and delight, more than the sun dipping behind one of the snow-capped mountain peaks, or several of them, at sundown and painting the mountains and valleys all the colors that the heart of man loves and craves for—then I'll say that you have discovered Paradise, and this that I write about is only a resting station on the way." Grand description, isn't it?

That is enough to make any girl feel like flying with happiness and most of all I loved the way he told me he missed me. Jack, a really more poetical than most people give him credit for. But he is such a modest chap that he does not care to advertise this fact, like some of the people I know, and so is often counted as one of the "ordinary" mortals—or some such creature. However, I should worry. He is mine, or on the way to becoming so, and I love him.

In the same mail came a letter from Jean and two from Dorcy, and another from Cecil, telling me that New York had proven too empty for him since my departure, and he was leaving it in a few days now. He did not tell me where he was going, and did not refer to the job up in Boston that he had been carrying on negotiations about, or anything. He was most mysterious.

I met an awfully good looking boy at The National Gallery this morning. He picked up my catalogue when I dropped it, and then we spoke—and I found out that he too, was an artist. His name is Roy Bromley, and he lives in Chelsea—near Chayne Walk, and he's asked me out to see some of his work and meet his sister—whom he lives with. He also told me that he had

been all thru the war in the tank service, and never got even a scratch—so there are some lucky ones, out here. We wandered all over the galleries and had an awfully good time together. He is not a flinty-tongued fellow at all, and I am much more interested in hearing about America and the work I was doing there than in one which was quite all right, under the circumstances. I have promised him to come out one afternoon next week, with Aunt Cecelia, and stay for high tea. She will love to go, I know—and will understand that he is a nice sort of person and all that. She always does.

Children Cry FOR FLETCHER'S CASTORIA

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

THIS BLOOD-BUILDER STRENGTHENS NERVES AND PROMOTES VIGOR

Many People Who Have Been Helped Now Recommend a Reliable Remedy to Those Who Suffer

The year 1919 is approaching which was marked by the ravages of the influenza epidemic in 1918 and 1919.

Both epidemics, with their toll of death and suffering, emphasized the fact that the most positive safeguard against disease is the body's health and vigor which come from an abundant supply of rich, well-oxygenated blood.

Influenza claimed those of low vitality, thin blood and weak nerves. Worry, overwork, severe shock and improper nourishment will lower the bodily tone, upsetting the delicate balance we call health. Those who can read the early signs of thinning blood can generally arrest the decline before any of the more painful symptoms appear, but the disease creeps on so stealthily that it is frequently well advanced before it is discovered.

Among the early symptoms of decline are pallor, especially of the lips, a slight palpitation of the heart, shortness of breath after walking a short distance and a tendency to tire easily. Continued decline causes nervousness, irritability, depression, sleeplessness, headaches and fainting spells.

If you want vigorous health, strong nerves and good blood begin treatment now with a tonic that has been used successfully in many families for generations. Dr. Williams' Pink Pills build up the blood and enable it to carry nourishment to enfeebled organs, nerves, muscles and tissues. This new blood will tone the entire system that colds and epidemic diseases cannot get a foothold. Proof of the value of the remedy is found in the statements of those who have used it.

Ohio Woman's Experience

Among those who have great faith in the blood-building qualities of Dr. Williams' Pink Pills is Mrs. J. W. Demmons of No. 541 West Ninth Street, Cincinnati, Ohio.

Mrs. Demmons was badly overworked during a long period of illness in her family. She lost four boys, the last by influenza, and finally became, what she terms, a "nervous wreck."

"I suffered from severe nervous headaches," relates Mrs. Demmons,

"There was a pressing down sensation on my head which caused an almost constant pain. There were spots before my eyes and a burning and itching of the palms of my hands and the soles of my feet. I had pains across my back and at the base of my spine. My appetite was poor and I could not sleep well for my distraught nerves kept me tossing at night. I was always tired, and didn't have any energy."

A relative who had taken Dr. Williams' Pink Pills with great benefit advised me to try them. By this time I had practically given up hope of finding any relief. Great was my surprise, therefore, to find at the end of a week that the pills were proving a positive benefit. My appetite improved and when I began to eat, my strength steadily gained. Slowly the headaches and other nervous complaints became less severe until they disappeared entirely. My color is good now and I sleep well, for which I am deeply grateful. I have the fullest confidence in Dr. Williams' Pink Pills as a tonic and strongly recommend them."

After-Effects of the Grip

Another endorser of Dr. Williams' Pink Pills is Mrs. Matilda Esquiu, who lives at 222 Park Street, Malone, N. Y. She says:

"I had a severe attack of influenza and it seemed as though I should never recover the strength lost during the attack. I was weak and always felt tired. My appetite was poor and when I forced myself to eat I invariably had stomach pains which kept me awake at night. I had headaches and severe nervous pains in my back. Sometimes my heart palpitated wildly and this worried me a great deal. My hands and feet were always cold even when the temperature was what others would call comfortable."

"I read about Dr. Williams' Pink Pills and decided to give them a trial. I took three boxes in all and the pills made a wonderful change in my condition. I honestly believe that Dr. Williams' Pink Pills saved my life. I have an excellent appetite now and no longer have headaches or pains in my back. I sleep well and have plenty of strength and energy

for my household. I strongly urge everyone in need of a tonic to give Dr. Williams' Pink Pills a trial."

Headaches Disappear

"I was all run down, my health was shattered and food had no attraction for me," relates Mrs. Margaret Curtin of No. 12 Hull Street, Sharon, Pa. "I was in distress after eating and had a nervous headache almost continuously, the constant dull, throbbing kind that wouldn't let me sleep."

"When I read about Dr. Williams' Pink Pills in a newspaper I decided to give them a trial. I felt better after one box and for the first time in months enjoyed untroubled sleep. I have taken six boxes. My appetite has improved. I am no longer nervous, the headaches have gone and I feel as strong as ever."

"I recommend Dr. Williams' Pink Pills to those who have troubles similar to those I had, for I have great confidence in their power."

Keep Your System Toned Up

Keep your system toned up with Dr. Williams' Pink Pills and foods that once distressed you will be harmless, exposure will bring no fears of rheumatism and neuralgia and even germ diseases need hardly be dreaded."

Dr. Williams' Pink Pills assist digestion, correct the inactivity, the palpitation of the heart, shaky nerves and the pallor of the face and lips that are the results of thin, impure blood.

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box at the nearest drug store and begin this treatment now.

Write for This Health Book

A little book "Diseases of the Nervous System" will be sent free to any address upon request. It contains a large amount of useful information. Address: Dr. Williams' Medicine Co., Box 1007, Scarborough, Me. Dr. Williams' Pink Pills are sold by all druggists or will be mailed, postpaid, by the company on receipt of price, 60 cents per box.—Adv.

PATTERN FOR TODAY

Pattern 3335 supplies this style. It is cut in 4 sizes. Small, 24-26; Medium, 26-28; Large, 32-34; Extra Large, 36-38 inches waist measure.

A PRACTICAL GARMENT

Pattern 3335 supplies this style. It is cut in 4 sizes. Small, 24-26; Medium, 26-28; Large, 32-34; Extra Large, 36-38 inches waist measure.

This design may take the place of a petticoat and also serve as bloomers. It may be gathered or finished with ruffles at the lower edges. Satene, moreen, taffeta, satin, moire, poplin, repp, lawn, batiste, flannel, serge, or seersucker could be used for this style. A medium size will require 2 5/8 yards of 36 inch material without ruffles. The ruffles require 1-2 yard.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ROSNER AFTER DAY OF WORKOUT RESTS—MASON HERE EARLY WEDNESDAY AWAITS BELL AT MEMORIAL HALL—HISTORY MAKING BOUT

RAY HERE IN NEW COMEDY

Makes Hit in Picture as a Real Prize Fighter

GETS HEIRESS AND MONEY
Babe Ruth Also Shown in Home Run Hitting

(By ESTHER WAGNER.)
THERE'S a lot of unusually good comedy and dry humor to be seen in "Forty Five Minutes From Broadway," which is Charlie Ray's first independent release for First National. And Charlie in the role of ex-prize-fighter, ably shows us that he can be funny even when he isn't cast as a hick. As Kid Burns, he is one of the most refreshing characters we have seen for many a moon.

The story opens when Kid Burns, from the East Side of New York, receives a telegram from his pal, Tom Bennett, saying that he has inherited an estate from an uncle in New Rochelle and asking the Kid to come down and be his secretary. Does the Kid take him up? Well, in forty-five minutes he lights from the train at New Rochelle, is taken for Bennett, and loyally escorted to his new home, where he is greeted by a town full of girls with wood-violets, waving banners and welcome words about the first thing he does is to fall in love with the chic little maid, Mary, who falls for him about the same time. Of course, the real hair turns up and the reception has to be given all over again.

There's a scheming mama and a beautiful daughter who have designs on young Bennett's fortune, the no one can see them but the Kid. And before long he discovers that Mary, the little maid, is the real heiress instead of his pal, Tom. That breaks up everything, for how could an ex-prize-fighter marry an heiress? But the final fade-out shows everyone perfectly happy, the villains foiled (that sound like Nick Carter) and the stage all set for a wedding. The Kid makes quick work of everything.

Dorothy Devore, who, we remember, recently played in comedies, has the leading, feminine role and seems a pleasing and human little soul. And Charles, in the role of a light-footed, hard-boiled fighter, could not be more natural. The rest of the cast is splendid, and nothing drags during the whole film. While many of the comedy situations are old and worked to death, there's a touch that is new and if "Forty-Five Minutes From Broadway" doesn't agree with you, then nothing ever will.

It's at the Regent.

THE minute the base-ball-mad people see the name of Babe Ruth flashed on a sign, they are sure to get all excited and make a mad rush to see how their hero hits "Over The Fence," being shown in connection with the Charles Ray picture, isn't a regular thing, but just shows the famous slugger in various positions, doing the apparently easy things he does for a living. It shows him hitting the perfectly harmless balls into the firmament, after he has made several attempts at doing so, then chasing down the field after them. Of course, there are technical terms for all these things; you probably know 'em.

Mr. Ruth is just as nice-looking as many real movie actors. He never looks at the camera (he hardly ever) and goes thru all the tricks very nicely.

THEATRE DIRECTORY.

AT THE SIGMA:
George Walsh is showing at the Sigma today in "The Dead Line." Also "Wild Waves and Women" and "Hut and Jeff."

AT THE LYRIC:
H. B. Warner is the star in "The White Dove" at the Lyric today. Also Harold Lloyd is being shown in his very latest comedy "High and Dizzy."

AT THE ORPHEUM:
Complete change of program at the Orpheum today, headlining "Buddies," played by five juvenile stars, and an extra added feature "The Argument," blackface funfest. Four other acts. Special children's matinee Saturday.

AT THE MAJESTIC:
John Barrymore is the attraction at the Majestic today in "Here Comes the Bride."

AT THE RIALTO:
"Durand of the Bad Lands" is appearing at the Rialto today, starring Dustin Farnum.

NEW REALART RELEASES
Among the stage plays which Realart will transfer to the cinema in the near future are "In the Bishop's Carriage," by Channing Pollock; "Ducks and Drakes," by Elmer Harris; and "The Snob," by W. J. Nedig.

TO FILM REED NOVELS
"Lawrence and Old Lace" will be the first of several Mervyn Reed novels to be filmed by the Ramco Company, which was recently formed for that purpose. Lloyd Ingraham will direct the initial offering.

WASHBURN WORKING ABOARD.
Aryan Washburn, who sailed for Europe several weeks ago, is at work on his first independent production, "The Road to London," to be made on the actual scenes of the story.

CLAIR WHITNEY TO
STAR IN "FINE FEATHERS"

Claire Whitney has been engaged by Metro to enact the role of Jane Reynolds in the picture production of Eugene Walter's stage success, "Fine Feathers."

The director of the picture made more than twenty tests of women players before deciding upon Miss Whitney. The cast of the picture will be an all-star one and June Elvidge and Eugene Palette will also have prominent parts.

Miss Whitney has started in several productions, among them are "Mothers of Men," "The Man Who Stayed Home," and "Love, Honor and Obedience." She had leading parts in "Criminals" and "Shirley Kaye," and just recently completed an engagement in the stage production, "An Innocent Idea," which had a successful Broadway run.

As Jane Reynolds in "Fine Feathers" Miss Whitney has a good opportunity to show her skill. She will portray the part of a young wife discouraged by poverty who goes her husband into accepting a criminal contract by which they will both become well-to-do. They find this does not pay in the long run and decide to start life over again.

Ask Me! Ask Me!

By E. W.

MR. D. Howard Hickman is the husband of Bessie Bannister. Yes, he directs most of her pictures.

G. Y. K. Zent Kears is with Selznick. She was not the girl, however, who played with Rockcliffe Fellowes in "The Point of View." That was Elaine Hammerstein. Mr. Fellowes is married. Lucille Watson is Mrs. Fellowes. Y'weekum.

JARVIS L. D. Wonder if you mean Conrad Nagel? He's 24—and looks more. He was born in Des Moines, Ia.

JEWISH NEW YEAR SEPT. 13

Rosh Hashanah, Important Festival, Rich in Moral Import

Monday, September 13, the festival of the New Year (Rosh Hashanah) will be observed by the Jews of the entire world. Like all other Jewish holy days, the festival begins at sunset on the preceding day. Orthodox Jews will observe two days whereas Reform Jews keep only one day.

The festival of the New Year is one of the most important in the whole Jewish calendar. It is the first of a series of holidays lasting nearly a month. It is likewise the beginning of the Jewish year and one of its principal features is the blowing of the shofar or ram's horn.

Apart from its joyful and festive nature, Rosh Hashanah is rich in moral import and significance. The fact that it is the beginning of the New Year lends it special sacredness. It is the time of higher resolves, the turning point of the year. It is the day which brings home to the Jew with great force the lesson that the time is short and the work is great, and that, at each year rolls quickly by, the task must be accomplished within a shorter period.

The festival is a genuine reminder of the brevity of human existence, but it optimistically stresses the doctrine that man, far from being a plaything in the hands of fate, can realize his life's work if he but takes advantage of the swiftly fleeting moments.

Miss Whitney will also have prominent parts.

There's a scheming mama and a beautiful daughter who have designs on young Bennett's fortune, the no one can see them but the Kid. And before long he discovers that Mary, the little maid, is the real heiress instead of his pal, Tom. That breaks up everything, for how could an ex-prize-fighter marry an heiress? But the final fade-out shows everyone perfectly happy, the villains foiled (that sound like Nick Carter) and the stage all set for a wedding. The Kid makes quick work of everything.

It shows him hitting the perfectly harmless balls into the firmament, after he has made several attempts at doing so, then chasing down the field after them. Of course, there are technical terms for all these things; you probably know 'em.

Mr. Ruth is just as nice-looking as many real movie actors. He never looks at the camera (he hardly ever) and goes thru all the tricks very nicely.

THE minute the base-ball-mad people see the name of Babe Ruth flashed on a sign, they are sure to get all excited and make a mad rush to see how their hero hits "Over The Fence," being shown in connection with the Charles Ray picture, isn't a regular thing, but just shows the famous slugger in various positions, doing the apparently easy things he does for a living. It shows him hitting the perfectly harmless balls into the firmament, after he has made several attempts at doing so, then chasing down the field after them. Of course, there are technical terms for all these things; you probably know 'em.

AWAKES FROM TRANCE OF OVER TWO YEARS

MILWAUKEE—After lying in a trance for more than two years Mrs. Clara Jorgenson awoke and surprised friends and physicians by relating important events that transpired during her sleep. Within a day, Mrs. Jorgenson was walking about, using table utensils and feeding herself with ease.

"I tried to break the spell which seemed to keep me in another world and finally succeeded," she declared. Local physicians are puzzled over her case.

NAVY SEAPLANES AID FISHERMEN GET BIG HAULS IN CHESAPEAKE

WASHINGTON—As a result of patrols maintained by naval seaplanes, Chesapeake bay fishermen are making the biggest hauls on record. Reports to the Navy department from the commandant of the Naval Air station at Hampton Roads said the patrols had proven "indispensable" to the fishing industry in these waters.

Immense schools of fish are spotted almost daily by the seaplanes. It was reported, and fishing fleets are given the location by radio communication or, if within sight, by flag signals.

Ninth 4 1/2%	86.00
Tenth 4 1/2%	85.50

NEW YORK.—Little change from recent irregular conditions was shown by the movement of prices at the quiet opening of Thursday's stock market, although signs of further ease of money induced moderate short coverings.

American International was the strongest feature, rising almost one point and some of the steels, coppers and rails were fractionally higher, but otherwise slight reactions ruled. Assurance of the steel flotation of the new French loan to be offered Thursday brought no relief to foreign exchange, British remittance again reacting.

Shorts covered more extensively before noon, announcement of the large over-subscription to the French loan exerting a favorable influence. Shipping continued to lead. United Fruit rising 7 points and American International which is said to have large holdings of United Fruit, increased its gain to 2 points. Sharp rallies occurred in Mexican and Pan-American Petroleum and other oils and substantial improvement was shown by leaders of the steel and equipment group, also kindred specialties. Buying of rails was confined to the investment division. Call money was unchanged at 7 per cent but exchange on London remained heavy on cables indicating more acute industrial conditions in England, and Italy.

The higher trend of prices in the stock market was traced to the successful offering of the new French loan and lower rates for money. Sales approximated 400,000 shares.

NEW YORK STOCK LIST
